ANNUAL PUBLICATION OF GREENBRIER MILITARY SCHOOL

Lewisburg

West Virginia

JACK KISHPAUGH, *Editor-in-Chief* :: CHARLES FLOYD, *Business Manager*

Foreword

This year we have endeavored to build a book that will be a treasured souvenir of your days at Greenbrier. This is a book of memories—memories of sunshine and shadow—memories of the many friendships you have made here. We have shown you in military formation, in the recreation room, on the athletic field, in your home for nine months—your own room. All the significant features of the school year have gone into your 1948 Brier Patch.

May you leave "The Brier" with an occasional glance back at the boys left behind, who will soon be doing the same. Take your year book in hand at various times. You will receive a bit of cheer when you feel blue.

It is the sincere hope of the entire staff and the faculty adviser that you will be pleased with your fellow cadets' efforts in editing this book. May it bring you a smile or two. May it bring you a tear or two. May it add to the prestige of the school.

We

Bob Feller

He served in the armed forces of our country, resumed a brilliant athletic career to lead pitchers of both leagues in 1947, is one of the truly great baseball players of all time. But more than that—he recognizes his responsibilities to the youth of our nation, and is giving his time and effort to the work of fighting juvenile delinquency to help American boys grow into manhood as better citizens of our country. On behalf of the Corps of Cadets, we are proud to render our ANNUAL SALUTE to an all-round good fellow—Bob Feller.

The Corps of Cadets
Greenbrier Military School
Lewisburg, West Virginia

Gentlemen:

Thank you for your Annual Salute!

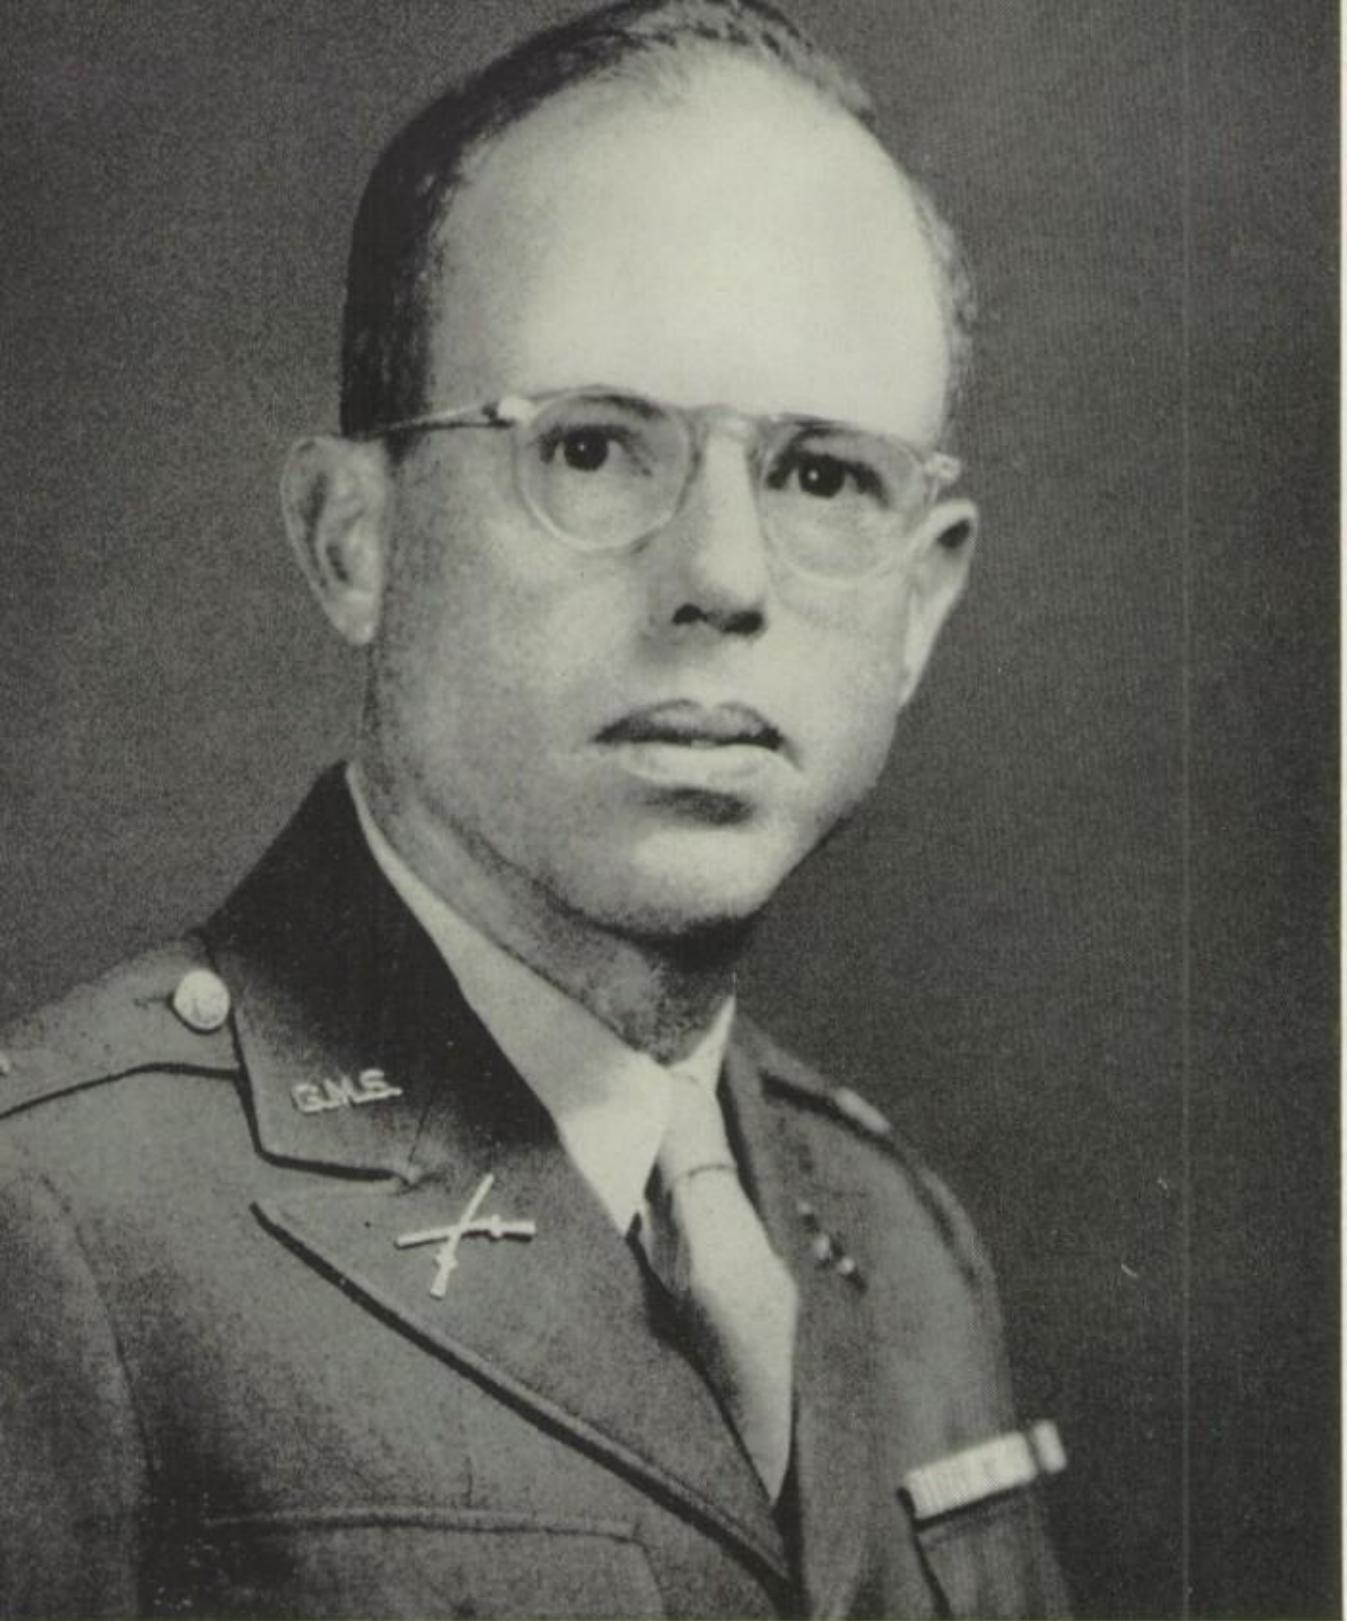

Your school has a long and honorable tradition of service. May you, as individuals, continue to put into practice the lessons you learn at Greenbrier---playing the game according to the rules, giving the other fellow an even break, and serving your country in peace as so many of your alumni did in war.

I feel sure you will continue to merit your nickname, "The Fighting Cadets."

Sincerely yours,

Bob Feller

The Eighteenth Annual HALL of FAME

Each year an unbiased board of school authorities makes an exhaustive study of the records and names three cadets, of Senior standing or above, for this outstanding honor. Their names are carried on the perpetual roll in the school's main hallway, reprinted each year in the BRIER PATCH together with those of new initiates.

The Faculty

DEAR JOE:

The faculty officers certainly take a personal interest in me, especially in study hall! Many of them have been here for years. Some live in the building, some in apartments or their homes near the school.

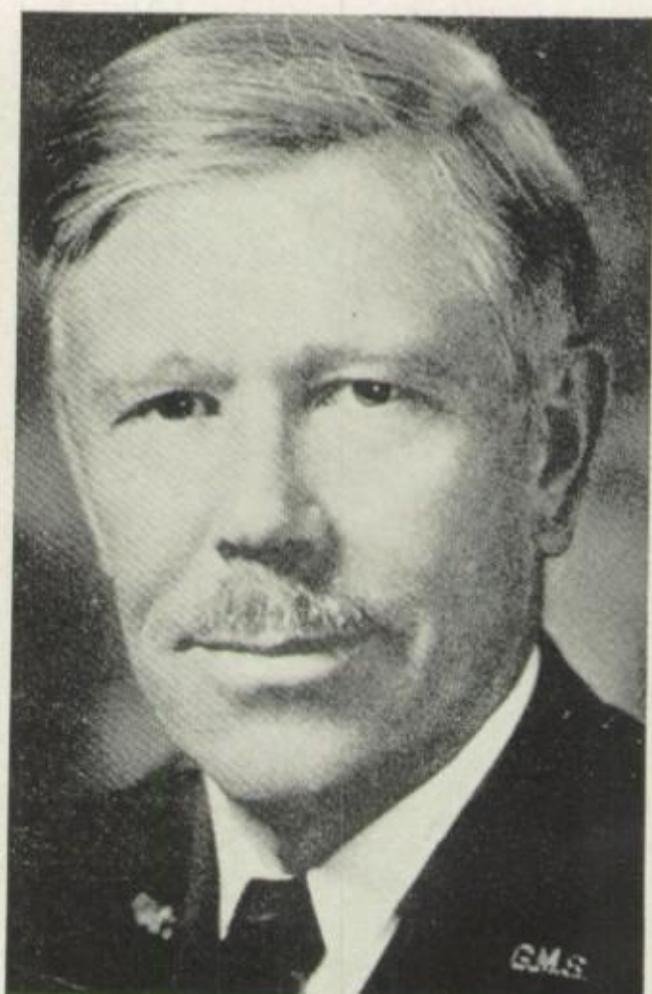

We get along fine most of the time. But let me tell you about one officer who—oops! have to stop now. There comes the man, and writing this in Night Study Hall means 10 demerits.

DEAR JOE:

You meet a lot of nice people in this work. What I mean is—whether they are lowly "Peanuts" or lordly Seniors or College Men, the boys you meet from all over are a bunch of Good Joes.

I'm going to mark down their names and addresses so I can look them up in New York, Panama, South America, and Pumpkin Centre. They're worth remembering.

enjoyed his share of the social events ...
and gets along well with the girls ...
keeps in condition by playing Colonel
football ... we remember him when
"goating" for Quill and Scroll ... and
as a Table-head ... wrote sports in addition
to taking part in them.

Things We Will Remember

~ ~ ~

We will remember being new boys and how proud we were to get into uniform.

We will remember drill periods and preparation for G. I. The gallons we perspired waiting for G. I. to be completed.

We will remember bull sessions and after taps visits, crowded recesses at the store. The days we received a package from Mom, or a letter from the girl back home. Also the days we spent blowing dust off our mail boxes.

We will remember, "Clean the paper out of the seats", "Overcoats and black gloves will be worn to Church today", "Pass in review", "Company won the lines today", "Dismiss your companies" and the "Report of Delinquents".

We will remember dates at the college. Drift-

ing downtown and loafing at Coleman's or drinking coffee at the Court. Boot and Spur dances and INTERMISSIONS!

We will remember sitting in the study hall and looking at the names on the desks, trying to think of a way to get out.

We will remember retreat formations. Sunday chicken dinners, Intercompany sports, and the Beat!

We will remember thrilling sports events; final dress parade and the final ball.

There are some more things which we will remember but they will not spring to our minds till after school has been over quite awhile. Maybe you think at times you won't want to remember them, but you will!

It Isn't All Classwork!

Dances in the gymnasium were popular. During intermission, cadet entertainers took over. Goats from the various organizations kept the crowd happy. Here we have the *Star-Dusters* singing into the microphone while the ivories tinkle pleasingly.

The School Post Office was always a "hot spot" at morning recess, as Great Lovers and just plain Keydets worked those box combinations hoping for mail from home of That Certain Girl.

*A Welcome Relief (??)
from Classwork—
Inspections!*

Joe Cadet, weary of academic tests, was always happy when Monday came around. No school. But, just so Joe wouldn't feel like the Forgotten Man, Inspections were the order of the day.

Here we find Pack and Vea in their room, after doing a job of house-cleaning, as Sgt. Cawley stands by to jot down reports—maybe an "Excellent"! —and M/Sgt. Conyers inspects equipment.

A little snow did not keep M/Sgt. Drake from giving the boys the once-over, or even the twice-over, outdoors. But the fellows weathered the storm, with not too many demerits.

JOE CADETS

by HENRY FALK

(*"Joe Cadet" was a regular page 2 feature in GREEN-BRIERS. By vote of the companies, six "Joes" were selected for this page.*)

MARTIN WARD, Band

Martin hails from Montcoal, W. Va., but was born in Kimball, same state. He came here last year as a high school junior. During his two years at The Brier he has played hours and hours on the clarinet.

He is 5 ft. 8½ in. tall, weighs 187 pounds in his stocking feet—he wears socks—and has green eyes. Although not a tall man, he has a remarkably good build.

Martin served on the Intercompany Sports Council. He is greatly interested in sports, so it was no surprise when he went out last fall and made the varsity team. The year before he starred for the Colonels.

In the summer he has worked as helper with an engineering company in Montcoal.

Whenever you hear "Howdy, Son!" you can make a pretty accurate guess that it is "Spike".

ROBERT GONANO, Co. A

Bob was born in Pittsburgh, Penna., where he lived for one year. He has spent most of it in Bluefield, W. Va.

This is Bob's fourth year at the Brier. He is half-senior, half-college, he tells us. Bob has been in Company A all four years, and now wears the buttons of a second lieutenant. He points to A as "the best company in the battalion." Well, it would be too bad for a company officer if he didn't feel that way!

Bob is also quite active in intercompany sports. He played on the 6-men and 11-men football teams for Co. A. Bob is a booster for baseball, he is out for the varsity and hopes to make the traveling squad.

Bob would like to go to Bluefield College next year. He plans to study industrial engineering. When school lets out (free week-ends and Christmas), racing from school to Bluefield is one of Bob's favorite sports.

PETER GAWTHROP, Co. B

Pete Gawthrop, also known as "Muscles," came to us from his home town, Clothier, W. Va., in 1946. He stacks up exactly 5 ft. 10½ inches tall, tips the scale at 140 lbs., and is now a blond with the aid of peroxide (these blonds we see running around claim "Well, it breaks the monotony!"), and has blue eyes.

Pete has a pretty sister at the College, but says that he doesn't go along with any of the girls over there, except his sister. On top of that, he claims he doesn't even have a girl back home to stay "true blue to" like a lot of the boys I know around here. Last summer Pete went to France where, he says, he had a very good time.

Pete is quite active in school sports, and has played two years of basketball and football. He rooms in the quiet and peaceful Suite 000, which is directly above Maj. Turley's apartment. I wondered why they were so quiet there!

Pete hopes to follow in his father's footsteps by taking up dentistry. He plans to attend the Univ. of Maryland. I am sure we all hope that Pete makes it and comes out on top with flying colors—and flying teeth.

RALPH MORRIS, Co. C

Ralph was born in Summersville, W. Va., and has spent his life so far amid the green hills of Nicholas County. He came here in 1945, and is now taking first year college work.

A three-year Co. C man, he has worked up from lowly private to second lieutenant. He played on his company's 6-man football team, and also did well in the pool tournament.

During the summer he drives new cars and trucks from Charleston and Detroit to Summersville for his father. He also drives a coal truck for a strip mining company.

Ralph plans to return to Greenbrier next year. After that he may attend W. V. U. and study Business Administration.

His favorite teams: Baseball—St. Louis Cardinals; Basketball—Kentucky; Football—Cleveland Rams.

Ralph has a slogan which shows you his father's business: Eight out of ten say De Soto; Eight out of ten say De Soto again; And if it steers like a truck, it isn't a G. M. C.

FRANK MARTIN, Co. D

Frank first yelled in Radford, Va., where he has spent his years to date—with the exception of the last three, when he has been a cadet at the Brier. Call him "Ezre".

Frank joined the corps in 1945 and is now a College Sophomore. He goes all out for sports, and has participated in about everything this year. He is a regular on the Colonel basketball team. In the spring he plays golf and tennis.

During the vacation months, Frank works as a "grease monkey" in a filling station owned by his father. He also does a lot of traveling, and has been all over the Middle Atlantic States.

When Frank finishes his schooling here he plans to attend Virginia Tech, over in Blacksburg, to take up Business Administration.

PETER TODEBUSH, Co. E

Pete, sometimes called "Mike", was born in Madras, India, where he spent the first five years of his life. But don't let this fool you. Pete is a United States citizen. His father is sales manager of Standard Vacuum Oil in India.

Pete's first view of the United States came in 1937, when his mother and father brought Pete and his brother to this country. Pete spends his summers in Manhasset, Long Island, N. Y., with his aunt, as his parents are still in India.

When Pete goes to India, he travels by ship, and the last time he made the trip was in 1941. However, he was out before that fatal day of December 7, 1941.

This is Pete's second year here. In 1946 he was eighth grader. Pete is a lively participant in sports.

Athletics...

DEAR JOE:

Me, I'm not good enough for the varsity football squad, but I play on the Captains. We have Colonels and Midgets too. And basketball, baseball, intercompany sports—pool and ping-pong, golf and tennis—after trying to insure a sound mind with classes you need a chance to insure a sound body too!

The trip to Culver . . . the Staunton basketball game . . . we had plenty to keep us interested, and plenty proud of our team too. See you on Mathews Field.

RESUMÉ'

G. M. S., 27—ELON JAYVEES, 13

The fighting cadet varsity celebrated the opening of the 1947 season on Mathews field Sept. 27, downing the hard fighting Elon College Jayvee team 27 to 13.

After staving off an Elon bid following an early Greenbrier fumble, the cadets put on a march which culminated in six points as Piercy tossed a bullet-like pass to Branyan, who held the ball in spite of the determined efforts of an Elon defensive man and stepped across the final chalk line. Morton place kicked the extra point, the ball hitting the bar and bouncing over.

The North Carolinians came back swiftly, Cook flipping a long lateral to Siler, who tossed 38 yards downfield to Capt. Kozakewich for the score. Siler passed to Drew for the extra point.

With consecutive long gains by Deadweight Taylor and Bones Carrico picking up yardage in a downfield drive, Greenbrier struck back to send Ralph Miller around end on a climax run and went into a 13 to 6 lead.

On the final play of the first half, Clark Morton brought the fans to their feet as he broke

through the line on a quick opening play and eluded Elon tacklers to run 89 yards for the third touchdown. Campbell booted the point and the Big Green went ahead 20-7 at halftime.

The cadets scored again in the third quarter when Lyons recovered an Elon fumble and Morton went seven yards for the final touchdown. Jerry Staley kicked the point.

The two teams battled on fairly even terms throughout the final quarter as Coach Turley substituted freely.

Fumbles by both teams were recovered by their opponents, providing plenty of action as Elon tried hard to take advantage of all breaks and close the gap. In the last few minutes of the period the visitors added another tally, after Wigmore fell on a cadet fumble on the 35, Silver tossed a beautiful 35-yard touchdown pass to Drew.

Drew, end, and O'Brien, fullback, were outstanding for Elon in the line. Greenbrier's players gave a good account of themselves in the opener and it would be unfair to put the spotlight on a single individual. However the two Joes, Palumbo and Riley, showed up especially well in the local line.

G. M. S., 21—HAMPDEN-SYDNEY JR. VARSITY, 6

The Fighting Cadets won their second game over the Hampden-Sidney Jayvees 21-6.

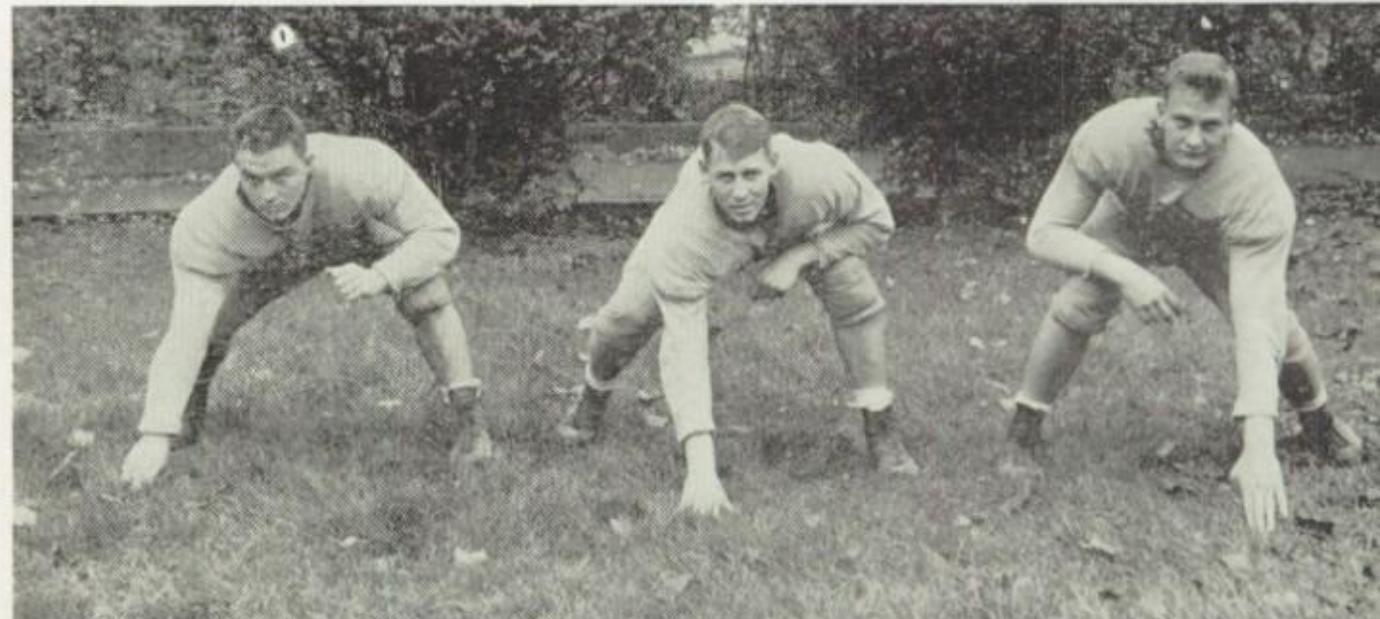

The Cadets fumbled early in the first period but managed to hold the Tigers for downs and took over on the 50. With George Piercy throwing the passes and Joe Riley snagging them, the Cadets moved the ball to the Tiger 14. They drew a penalty, but on the next play Craig Campbell lugged the ball over for the first score. Staley kicked the extra point and GMS led 7-0.

The visitors snapped back, scoring on a Cadet fumble on the Tiger 29. They began an aerial attack and moved steadily until they hit pay dirt. GMS led 7-6 at the half.

The third quarter was replete with fumbles by both teams. In the last period the Cadets launched an offensive drive which yielded three touchdowns, one of which was nullified by a penalty. Piercy tossed to Riley for the first and Tom McClung turned end for the second. Jerry Staley kicked both extra points.

FORK UNION, 7—GREENBRIER, 0

Playing under the arcs on the Lewisburg High Athletic Field, Greenbrier lost a 7-0 decision to Fork Union Military Academy when Waldron plunged over on the second attempt from the one-yard line midway in the second quarter.

The score was set up when Joe Yost recovered a fumble on the 30 and Schatz passed to Catelli. Pass interference was ruled on the play and FUMA took immediate advantage of the break. Yost kicked the point. Fork Union had scored early in the first quarter when an early pass interception in their territory took the ball to the 3 and a line plunge carried over, but a backfield-in-motion penalty nullified the touchdown.

Greenbrier then held and punted out of danger.

A quick kick by Yost after Fork Union stopped a Greenbrier drive on their 30 broke up a local march later in the game.

Ralph Miller almost broke loose around end but a shoe-string tackle by the FUMA safety man pulled him down.

Craig Campbell stopped a sure touchdown when 195-lb. fullback Yost took a pass down the middle and had clear going for the goal except for 148-lb. Campbell, who made a beautiful tackle on the 20.

The game was hard fought all the way.

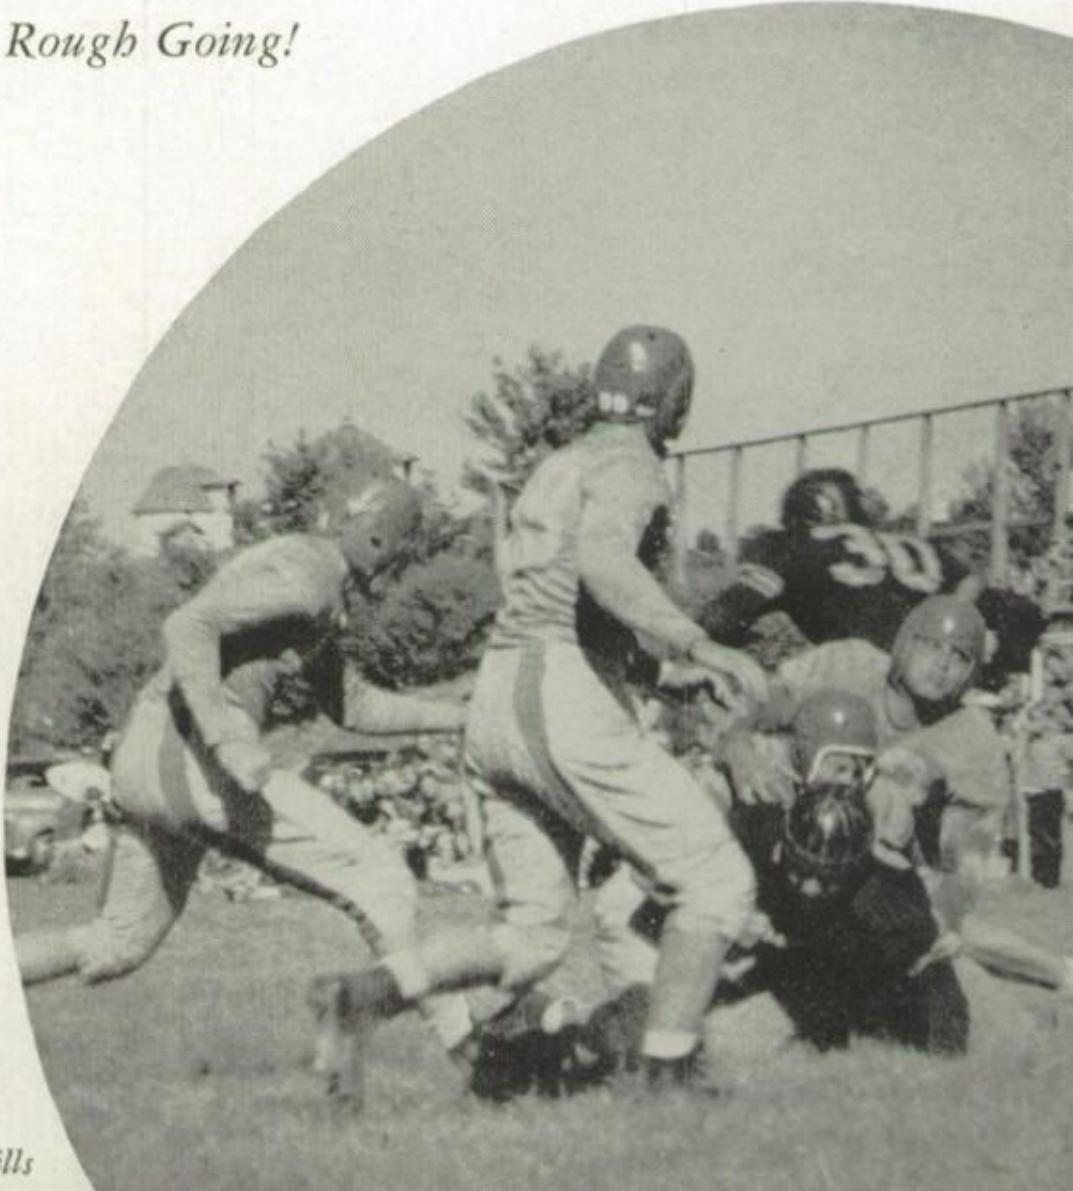

Each team had 3 first downs. Each team made 3 first downs in the first half, Greenbrier added 3 more to total 6 against FUMA 5 for the game.

Greenbrier gained 106 yards rushing against 83, but lost 61 against 15. The locals completed 3 of 10 passes for 55 yards and FUMA completed 2 of 5 for 56 yards. Greenbrier recovered 4 of 6 FUMA fumbles and the visitors recovered both

of the GMS fumbles. Both miscues came at costly times, one setting up the pass on which interference was ruled.

Fork Union ran back' punts 20 yards; GMS, 29 yards. The visitors punted 4 times for an average of 37½ yards per try, while Greenbrier punted 5 times and averaged 33 yards. Fork Union drew 6 penalties totaling 60 yards; GMS 3 for 15.

Rough Going!

RESUMÉ—*continued*

Ball, Walron, Yost, Hoke and Love starred for Fork Union. Blake and Prillaman might be singled out in the local line, although the team played good ball all the way. Prillaman, however, was all over the field playing a splendid defensive game.

Taylor, Miller and other hard working GMS backs showed to good advantage.

S. M. A., 25—GREENBRIER, 0

One of our traditional rivals, Staunton Military Academy, enjoyed the taste of a victory dish in Virginia October 18, when the Hilltoppers trounced the Fighting Cadets to the tune of 25-0.

"The victory came as a sweet revenge for the licking handed the Blue and Gold by the West Virginians last season," wrote Jimmy Thacker in the Staunton, Va., Evening Leader. "That proved to be the only blemish on an otherwise perfect Staunton grid campaign. Too, the triumph gave Staunton a decided 5-3 edge in the series between the two strong schools that was resumed in 1938 after the lapse of several years. Two of the contests have ended in scoreless ties, both within the past five years."

Staunton recovered three of four Greenbrier fumbles, one of them setting up the last touchdown in the final quarter. The winners made 12 first downs against 4 and 204 yards on the ground and 89 in the air to Greenbrier's 42 via the airways and a net of only 4 on ground plays.

Greenbrier got into Staunton territory four times once when Leach recovered Tom Dandelet's fumble of a punt on the 18. Horvath recovered a fumble by GMS two plays later to end that threat.

It was a scoreless ball game for most of the first quarter, but toward its close Mont Linkenauger kicked out of bounds on the Greenbrier 45. Capt. Bob Spears, who starred constantly, skirted right end for the first touchdown.

Following the second half kickoff, Taylor returned Spears's boot 14 yards to the 24. Unable to gain, Greenbrier booted to Dandelet on the Staunton 30 and he came back 15 yards. After a series of line plays, Dandelet raced 26 yards to the 7 where he was forced out of bounds. Nevens skipped over from there and Waters passed to Wilhelm for the point.

Morton passed 9 yards to Taylor after Campbell had gained a few yards through the strong SMA line, and GMS knocked off a first down to the 34. Carrico was tossed for a 6-yard loss as SMA backs broke through, an aerial was incomplete and Schwender intercepted a pass on the SMA 45.

Tom Dandelet broke into the clear over the right side and made the most beautiful run of the day, through a host of would-be tacklers, for 55 yards to pay dirt, but an offside penalty nullified the touchdown. However, Dandelet romped 49 yards to score six plays later.

Dandelet broke loose from the 49, was almost stopped, but he went all the way for the third touchdown, and less than three minutes later Horvath recovered a fumble as the third quarter ended.

On the first play of the final quarter Waters emerged miraculously from a host of green-jerseyed tacklers, let go an aerial that Wilhelm took in on the twelve and carried 10 more yards before being pushed out on the 2. Tommy Woolsey, a Hawaiian lad, went off guard for the touchdown.

Greenbrier ground out 2 first downs against 1 showing plenty of fight, but was unable to get through SMA defense, and Dahlgreen intercepted Coffman's pass as the game ended.

Staunton sports writers picked Bill Irons, Joe Riley, Ralph Miller, Mont Linkenauger, and Paul Prillaman as standouts for the hard fighting GMS eleven.

V.M.I., 2—G.M.S., 0

VMI won a close one from the Cadets when George Piercy was tackled behind the goal line while trying to return a VMI punt. The game was featured by long aerials and good running which kept the fans at a fever heat throughout the game.

After scoring on the Cadets the visitors were

driven deep into their own territory and Greenbrier kept the play there but was unable to score.

The Virginians threatened in the closing moments of the game as they opened up with long aerials. The outstanding play came when Coley passed to Haye, who lateraled to Eggleston, putting the ball on the Greenbrier 20.

Mont Linkenauger and Dick Coffman were very good in the Backfield. Mont made many nice runs while Coffman did the punting chores and got off some excellent kicks.

AUGUSTA, 13—G. M. S., 7

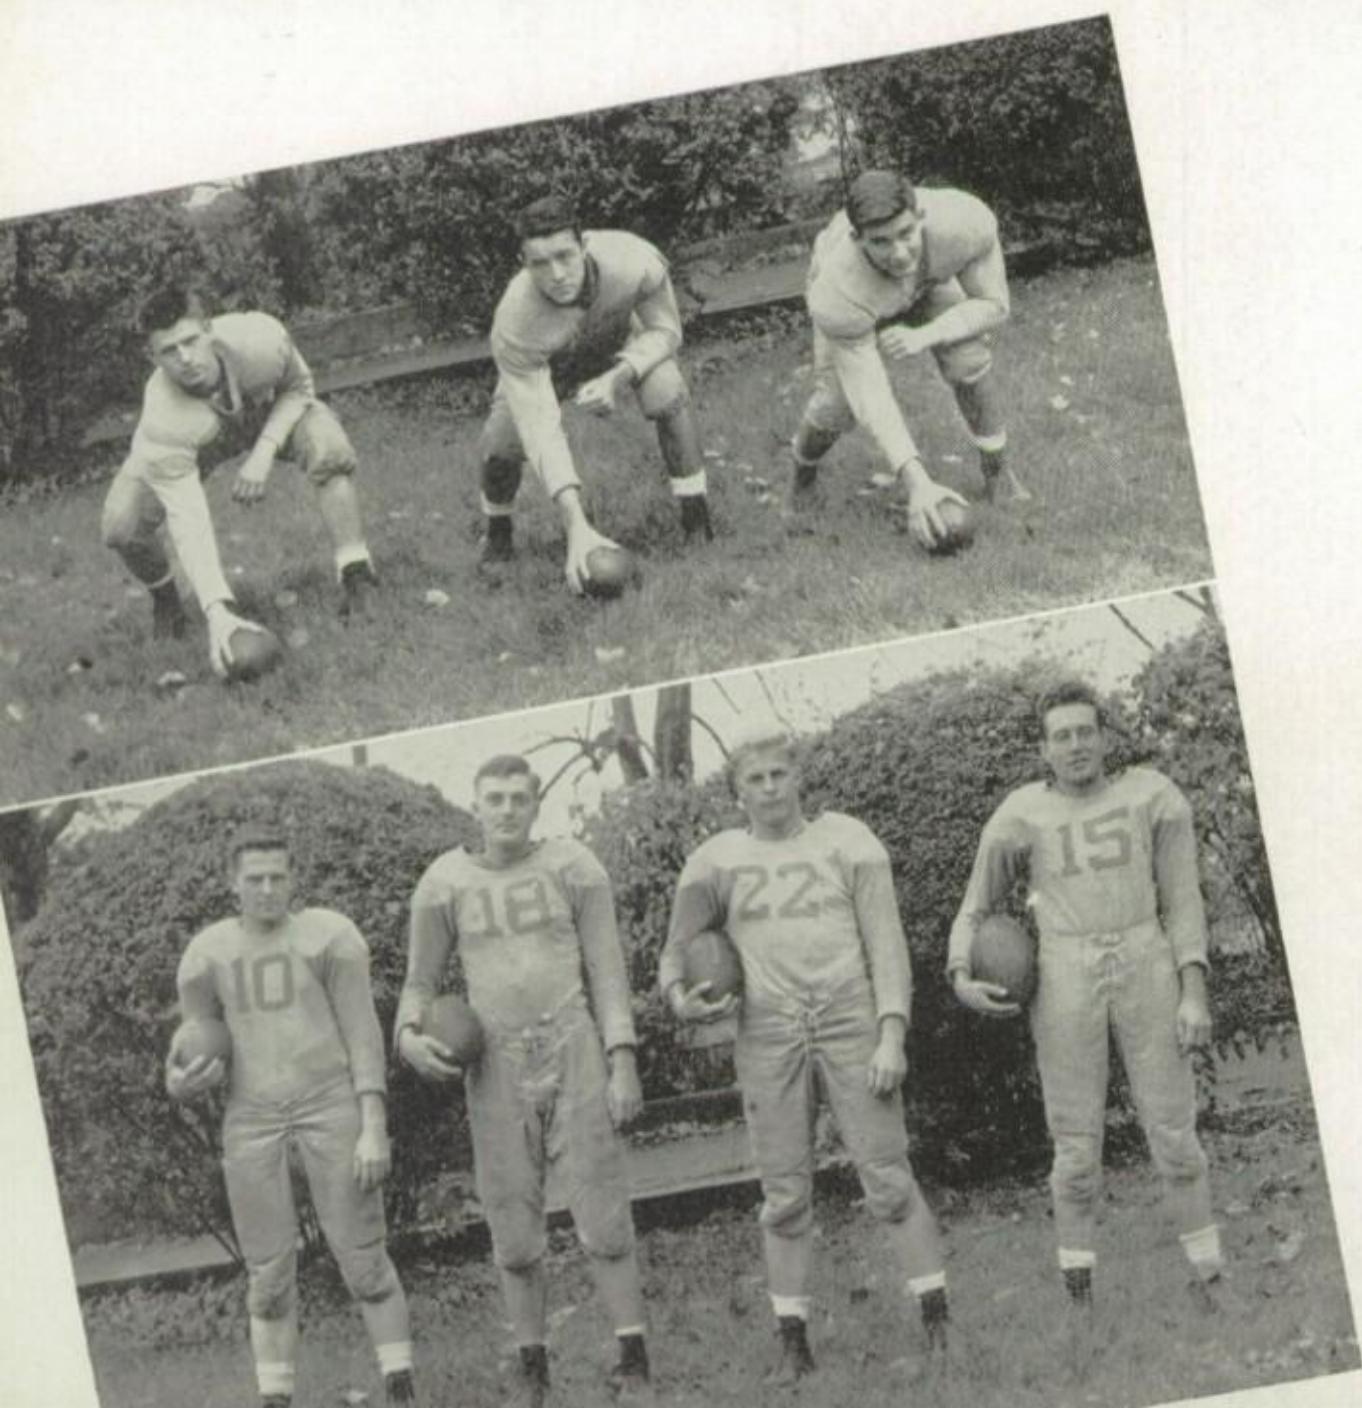

On November 1, the Fighting Cadets traveled to Fort Defiance, Va., to play the powerful Virginia Prep School champions and fell 13-7 for their fourth loss of the season.

The afternoon was blue and cold as the Cadets marched on the field for a game which experts knew would be nip and tuck all the way. Greenbrier traveled to Augusta in an attempt to rebound from a 2-0 defeat by VMI in the previous game. On the other hand Augusta was out to avenge a 47-0 defeat they received at Mathews Field last year.

The first half found both teams threatening several times but neither had the punch to score, as defense was the plan of the day for both coaches. The running of Linkenauger, Campbell, and Carrico looked good, but they could not break away for touchdowns.

The second half found an entirely different ball game. The Augusta kickoff went to the Greenbrier 15, where Campbell received and reversed the ball to Miller, who took it up the middle and cut to the sidelines for pay dirt. Staley kicked the extra point and the Cadets led 7-0.

Augusta then took to the air. Hushebeck threw a 40-yard pass into the end zone for the first touchdown. The conversion was good and Augusta was back in the ball game. A few minutes later Hushebeck threw another pass for the second touchdown.

V. P. I., 13—G. M. S., 7

The game opened with Clark Morton's fifty-yard kickoff to Kilgore, who plunged to the twenty-yard stripe. Tech started to roll with Neel, Kilgore, and Casto leading the attack. Bill Irons, cadet guard, fell on Kilgore's fumble to stop the drive. A few plays later, led by Bob Coffman, Clark Morton, and Mont Linkenauger, the Fighting Cadets began to drive toward the goal. Linkenauger ran 61 yards to the Tech one-yard stripe as the quarter ended. The Tech defense tightened and threw Greenbrier back to the seven. Ralph Miller, on a reverse, turned in for the local touch-

down. Steamer Staley kicked the extra point and G. M. S. led seven to nothing.

Spruhan took Staley's kickoff and was downed immediately on the 7. Led by Wookey and Kilgore, the Gobblers took the ball to the twenty. Kilgore threw a pass to Casto in the end zone for the touchdown.

Raugh intercepted Linkenauger's pass and a series of plays took the ball to the 15. Another pass to Casto in the end zone accounted for the winning touchdown.

The second half was nip and tuck all the way. It was climaxed by Jerry Staley; toss of a beautiful pass to Riley in the last few minutes of the game, but Riley just couldn't hang on to it. Riley and Palumbo sparked the line while Linkenauger and Miller played well in the back field.

G. M. S., 13—CULVER, 7

Greenbrier Military School's Fighting Cadet Varsity lived up to its name on the afternoon of November 15, in Culver, Indiana, to end the Green and White season with a 13-7 victory over the well coached Culver Flying Squadron

The game was played in the rain on a muddy field, but coaches Turley, Hunt, and Staten as well as Coach Oliver, the Culver mentor, and his assistants, saw their charges disregard bad weather and thrill fans with long runs and dipsy-do aerials. All three scores in the game were of a stand-up-and-cheer variety, with Culver taking to the air in the final quarter in a desperate attempt to pull the fat out of the fire and hitting pay dirt on a fifty-yard forward pass snatched by the runner and carried another thirty yards for a scoring play of eighty yards.

After the two teams battled through a scoreless first half, Deadweight Taylor carried the second half opening kickoff all the way, going through the entire

COLONEL FOOTBALL

The Colonels opened September 18, losing a hard-fought game in Meadow Bridge, 6-2. The game ended with the cadets on the MB 2-yard line.

The strong Covington High team ran into an upset on Mathews Field, the Colonels winning 6-0 before a record crowd for a junior varsity game here.

Greenbank handed the Colonels a 26-6 setback. Rupert took another close one in Rupert, 6-0. Night life was the cure for the losing streak as the Colonels beat Cowan High 7-0 in Cowan under the lights, Jack Marnhout starring.

The Ronceverte Bulldogs, out for revenge for last year's upset, trounced the Colonels 38-0 in Ronceverte. The Colonels downed a good Valley High team from Hot Springs, Va., 26-0. Abe Cury, at guard, got into the scoring with a surprise touchdown.

The Colonels closed the season as Zeek, regular halfback, led a sustained drive for a 7-0 win over Beckley Junior High.

Usual starters included Berry and Ferguson, ends; Cury and Greenzalis, guards; Christy and Swope, tackles; Pack, center; Woolsey, Zeek, Marnhout, and Lovell, backs. Subs who saw plenty of action included Vargo, Hugus, Wright, Robinson, Grasser, Harrington, Lovejoy, Schneider, Harkleroad, Gawthrop, and Robinson.

As you may deduce from the scores, the Midgets had hard going as far as winning was concerned. They were consistently up against much larger and heavier boys, especially in the second Rainelle game. They reached a peak in the second Lewisburg game, barely losing out by one touchdown which Lewisburg had plenty of trouble scoring. Coaches Al Morgan and Ralph Miller taught these younger cadets plenty of football fundamentals, and the season was lots of fun for all.

good. It was Staley's first miss of the year. Morton tried a twenty-yard placement in the same period, but it did not come off.

Campbell took matters into his own hands later in the quarter, racing sixty yards to scoring territory, and going through the line a play or two later to score. However, the play was nullified by a penalty. A few plays later Campbell went over for the second touchdown. This time Staley's kick was perfect and G. M. S. led 13 to nothing.

Then came the fourth quarter thriller when Culver made it 13 to 7. From there on out Greenbrier managed to hold its lead despite the good efforts of the Culver team. The Culver trip was one the team will long remember.

Greenbrier had to come from behind against Richwood, in a pre-Christmas game played without much practice, but eked out a 39-36 victory. Pineville proved easier.

Bluefield College had too much for us this year, won two games. Greenbrier walloped the W. & L. Frosh in a close one, going away in the last quarter.

The V. M. I. Frosh and Hot Spring A. C. were not too difficult, but Beckley trounced us on their court in a game where our boys just couldn't do anything right. We snapped back to beat Mullens, a team that had given Beckley a hard fight, by a big margin, then trounced Augusta and Massanutten, traditional rivals.

The V. M. I. Freshmen took us across in Lexington in a rough battle, and Staunton handed us the worst defeat in the basketball rivalry between the two schools.

We beat Massanutten and Augusta on the same trip. We easily ran up a score on the Reds. Athens was not much trouble for the Green and White. We were happy to defeat an honored rival, FUMA. The V. P. I. Gobblers were too

hot to handle, but we won another from Athens.

Then came a thrill-packed game here. We beat S. M. A., getting hot at the foul line, for their first defeat by a preparatory or high school in two years and their only loss of the current season except one to the Navy Plebes. It was a big night! And to prove it was no accident, we carried the WVU Frosh into an extra period and lost by an eyelash.

Ferguson goes up to score as Vargo and Irons also get into the action.

The boys played well together. The defensive work of Irons and Riley, as well as their scoring, the all-round play of Ferguson, the set shots of Hatfield, the left-handed layups by Taylor, the steady shooting of Vargo, and the excellent ball-handling of Jim Young deserve special mention.

Cury was on the job as manager. Duncan and Lovell moved up to the squad for the final few games and looked good. All the men on the squad saw action and acquitted themselves well.

The Colonels met good opposition, had an in-and-out season. They won and lost some thrillers. The 35-34 victory over previously undefeated Crichton was a wild-eyed game.

The 52-59 loss to an outstanding Covington team was also a high-light.

All in all, the Colonels provided plenty of bang-up action for their followers. Lovell, Martin, Duncan, Greenzalis, and Bou started many of the games.

Usual starters for Coach Reynolds' outfit included Bisono and Barnett or Rodriguez, forwards; Everly, center, and Sanders and Hamilton, guards. All players saw action as the Captains met fourteen tough opponents. The win over Crichton and the one-point loss to the same team, the one and two-point victories over Lewisburg, and the Charleston Reds were among the season's highlights.

Everly led the scoring with 135 points. Sanders netted 79, Bisono bagged 46, Stag added 32, Rodriguez and Barnett scored 30 each, Hamilton made 21, and McLellan hit for 20. Every man on the squad broke into the scoring column. Pete Ottimer served ably as manager.

SPRING SPORTS

Our Midget schedule is not complete, but Capt. Schnier will undoubtedly line up as good a card as possible for these enthusiastic young diamondeers.

Fencing is a sport we have not had for some years at Greenbrier. The squad will probably limit itself to competition within the group.

Varsity track was resumed last year after a lapse during the war years. Major Bartholomew has turned out some really fine track squads in past years, and we hope that this season will find the sport definitely on the upgrade.

VARSITY G CLUB

This club is open to men who have earned the "G" at Greenbrier. The members proudly wear the Green G as a symbol of athletic prowess.

We are glad to point out that many of our "G-men" are also top-ranking students in their classes. It isn't easy to keep up class work and play varsity athletics, especially when those afternoon Receptions (definitely NOT tea and cakes) and Lab periods cut into the athletic schedule.

So congratulations to all members of the G Club.

INTER-COMPANY SPORTS COUNCIL

Directed by Capt. Jim Reynolds, the Council led the Intermural program successfully, providing fun for all and medals for the winners. Last year there were 18 events, and about the same number of champions were discovered this year. The organization has been recognized by the National Council.

They were also busy selling refreshments during the halves, and the money went to school activities.

The cheer leaders were also on the ball during basketball season, and their work with the crowded stands was especially good at the hard-fought Staunton Military Academy game when Greenbrier won a thriller.

TRACK

Coach Don Bartholomew's thin-clads had a busy season as track again went into full swing as a spring sport. The boys participated in seven meets. Perhaps the high point of the season was Riley's easy victory in the mile over the WVU Freshmen and his seven victories in the 880, giving him a perfect season. Riley, with 40 points, was high man for the season. Branyan was second.

GOLF

Greenbrier's golf team, coached by Capt. Dick Staten, played college teams for the most part. The cadets beat Augusta Military Academy $12\frac{1}{2}$ to $5\frac{1}{2}$, dropped two matches to the Morris Harvey College team, lost to the W. V. U. Freshmen and Staunton Military Academy.

In the M-H match in Charleston, Hatfield was medalist with a 76 over the Meadow Brook layout. Vargo and Hatfield were outstanding, Ferguson played good golf consistently.

Other players came through on occasion with points against their top-flight opponents.

Jack Ferguson, Jim Hatfield, Roy Vargo, Jack Gemeinhardt, Orion Callison, Bob Lynch, Phil Glick, and John Beury were on the golf team. This was the first time Greenbrier had ever played a full golf schedule. We predict a good season next season, when probably all except Vargo will be back for the spring campaign.

TENNIS

The cadets had a better-than-average tennis team this season. Although handicapped by rain, which caused cancellation of several matches, the cadets saw lots of action. Wright Hugus, Jr., Frank Hamilton, Robinson Bou, Walter Wagoner,

Allen Pack, and Bob Leedy bore the brunt of the campaign, with Donald Strieff and Jaime Bou also making the squad. Lt.-Col. James B. Bonham coached the boys to victory, and Capt. Al Morgan helped with the trips.

Chevrons and Insignia

Each cadet in the R. O. T. C. wears the gold insignia—the R. O. T. C. Torch—on his left collar.

When Joe Cadet comes to Greenbrier, he is a Private. When he becomes Private First Class he wears the single stripe on his sleeve.

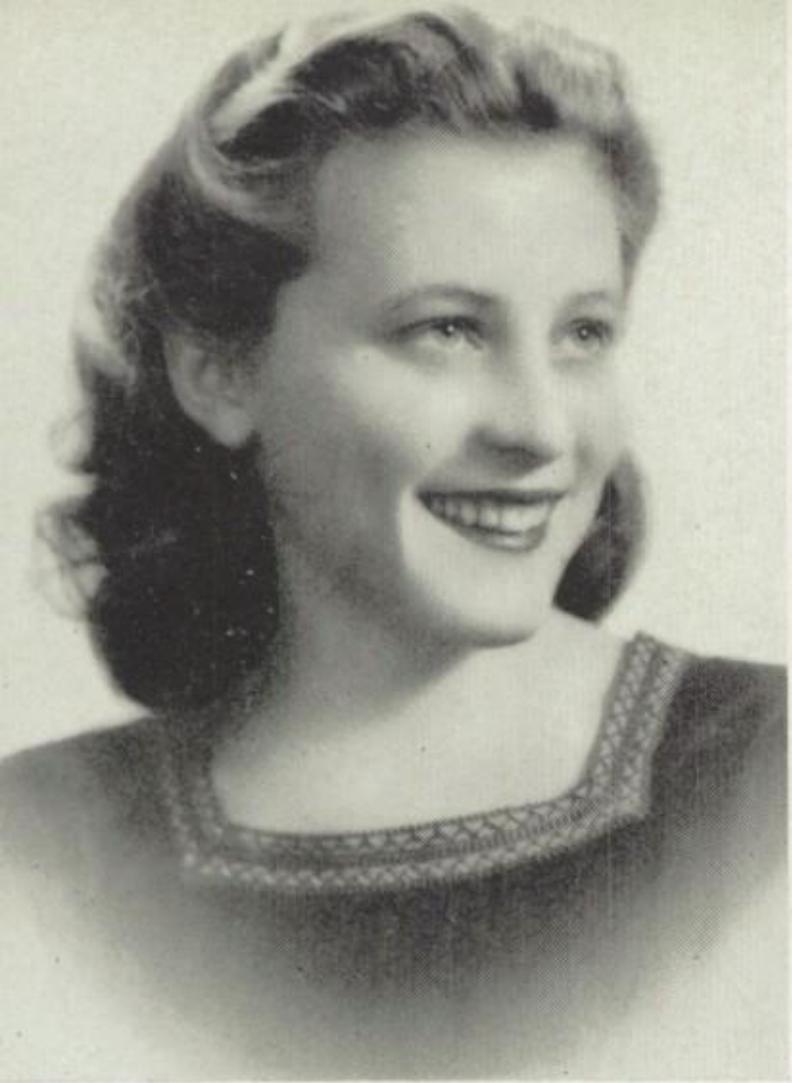

If he is fortunate enough to get into the armory, he wears the insignia of a Technician Sixth Grade. Next come the Corporal stripes.

Technician Fifth Grade is a rare duck around here. Then comes the well-known Sergeant—"Buck" himself.

Staff Sergeant is next on the list, and then Tech. Sergeant. Master Sergeant and First Sergeant come next. The Master Sergeant, too, is a rare animal here.

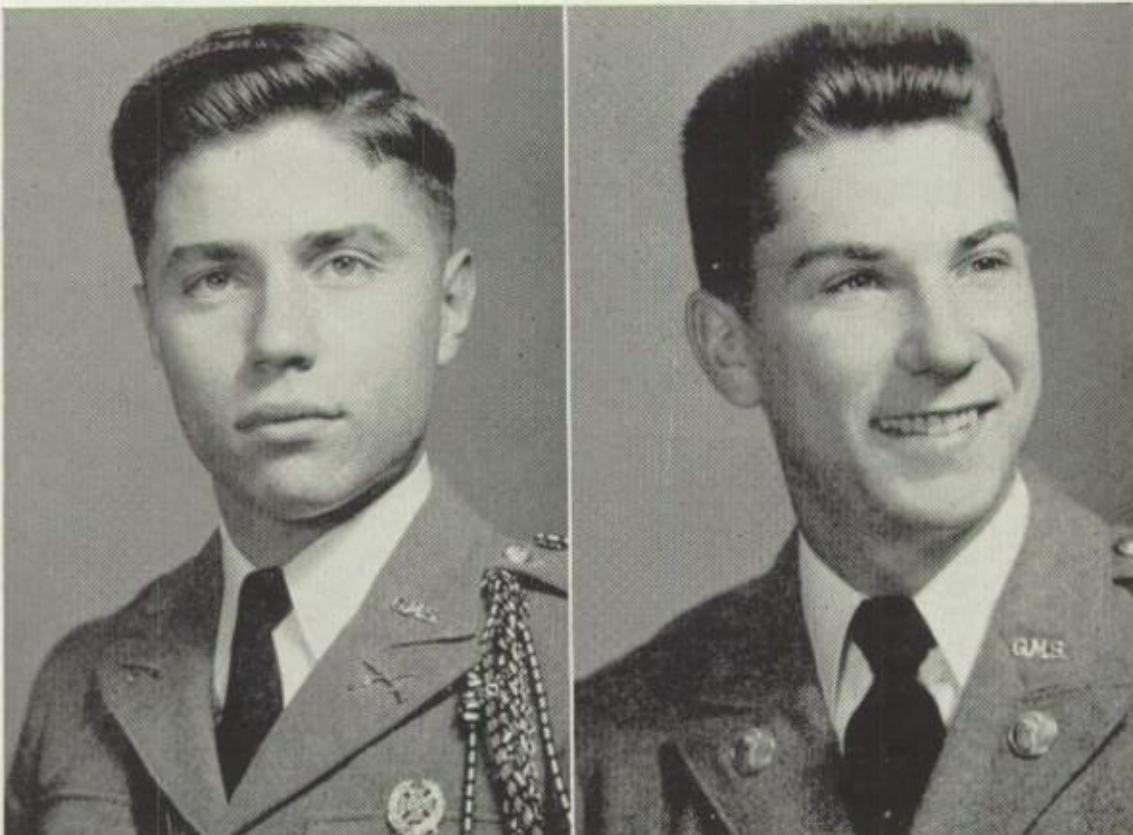

The commissioned officers wear silver buttons. One button designates a "shavetail," or Second Lieutenant.

Two buttons are worn by a First Lieutenant, and the Captain gets three buttons. Finally, the Cadet Major wears the diamonds.

RIFLE TEAM

LETTERMEN—1948

Bob Coleman, Capt.; Steve Hoag, John Lane, "Ben" Benjamin, Jack Irons, Bob Breckenridge, Jim Gorden, Jerry Harrington, Sam Hull, Mgr.

SQUAD MEMBERS

Johnny Smith, Mark Mitchell, Clark Hall, George Leedy, Paul Givens, Bob Gonano, Les Bloom, Harry Muller, Paul Prillaman.

The rifle team, shooting under the direction of Lt.-Col. James B. Bonham and coached by M/Sgt. C. C. Conyers and M/Sgt. Coy S. Drake, shot a full schedule this year.

The team won four, lost four. It participated in the first shoulder-to-shoulder match in the history of GMS rifle teams when the boys journeyed to FUMA December 6, later met SMA S-to-S and also took part in a six-team S-to-S match at AMA.

Second Army Match: 3478, 5th in field of 8. Against unusually strong opposition, the team made a good record of which the school may be proud.

Team Averages: Prone, 97; Sitting, 92.3; Kneeling, 86.7; Standing, 71.8.

Activities . . .

DEAR JOE:

Do you like working on publications, belonging to Clubs, singing, dancing, and other activities? Well, I'm going to list ours for your particular attention.

Personally, I belong to the Underground Balloon Corps, the South Side Suite Club, the Night Riders, and the ATC. But you won't find them listed here, for some reason. In fact, they are more or less legendary around here now. It says here. In small type. At the bottom of the page.

I've gotta go, Joe—there's a meeting of some of "the fellas".

The BRIER PATCH is a member of United High School Press and the Southern Interscholastic Press Association.

Beginning with vague plans in the early fall, the editor and his key men meet to lay out a "dummy" book. A cover color, stock, and design is approved. Then begins the work of taking individual photographs. Snapshots keep the photographers busy. Each section of the book brings its own problems and, quite frequently, headaches. Finally the business manager, who has had his own work with advertisements and other matters, hears that the BRIER PATCH is here—and you get your book.

Our special thanks go to Bob Feller, Hal Foster, Vera-Ellen, Mr. Leonard Glover of the Lynchburg Engraving Co., Mr. Harry Gomberg of the Zamsky Studios, Mr. James Price and Mr. Walter Clark of the Jarrett Printing Co., Mr. K. G. Cooley of the S. K. Smith Cover Co., and all those who helped in the preparation of this book.

It was lots of hard work but also lots of fun editing this edition. We hope you like it!

The student newspaper founded in 1920, is published twice each month during the school year. It is a member of the Southern Interscholastic Press Association, the National Scholastic Press Association, United High School Press, and Quill and Scroll, and Institute of Student Opinion.

This year, beginning with the fourth issue, *Green-Briers* appeared in a larger size and with an improved format. Six columns, four big pages, enabled an efficient, alert staff to provide readers with news and features. More photographs were used in the larger sized paper, thus adding to the value of the publication. Two special alumni numbers were published during the scholastic year, one in the summer.

In addition to company notes, cartoons by Eagan, and full coverage of sports and cadet activities, the paper received splendid cooperation from the administration and all key members of the faculty and corps, so was able to offer "hot" news, quite often giving readers surprise stories on appointments and promotions. Among the regular departments were Disc Diggins', by Moore, G.; The Shutter-Bug, by Don Wills; Joe Cadet, by Henry Falk; Know Your Company Commanders, by Jerome; Suggestion Box, by Richard Davis; Reminiscing With Greenbrier (requested as a feature by Student Life) and Grace Notes and Stage Whispers, by Bob Cawley; and Yokes and Jokes, by "Chuck" Floyd.

The new press room was a big help to the staff. The paper also sponsored the "Queen of the Brier Contest," arranging to have Tony Palazzo, Art Editor of Esquire, and his staff judge the entries.

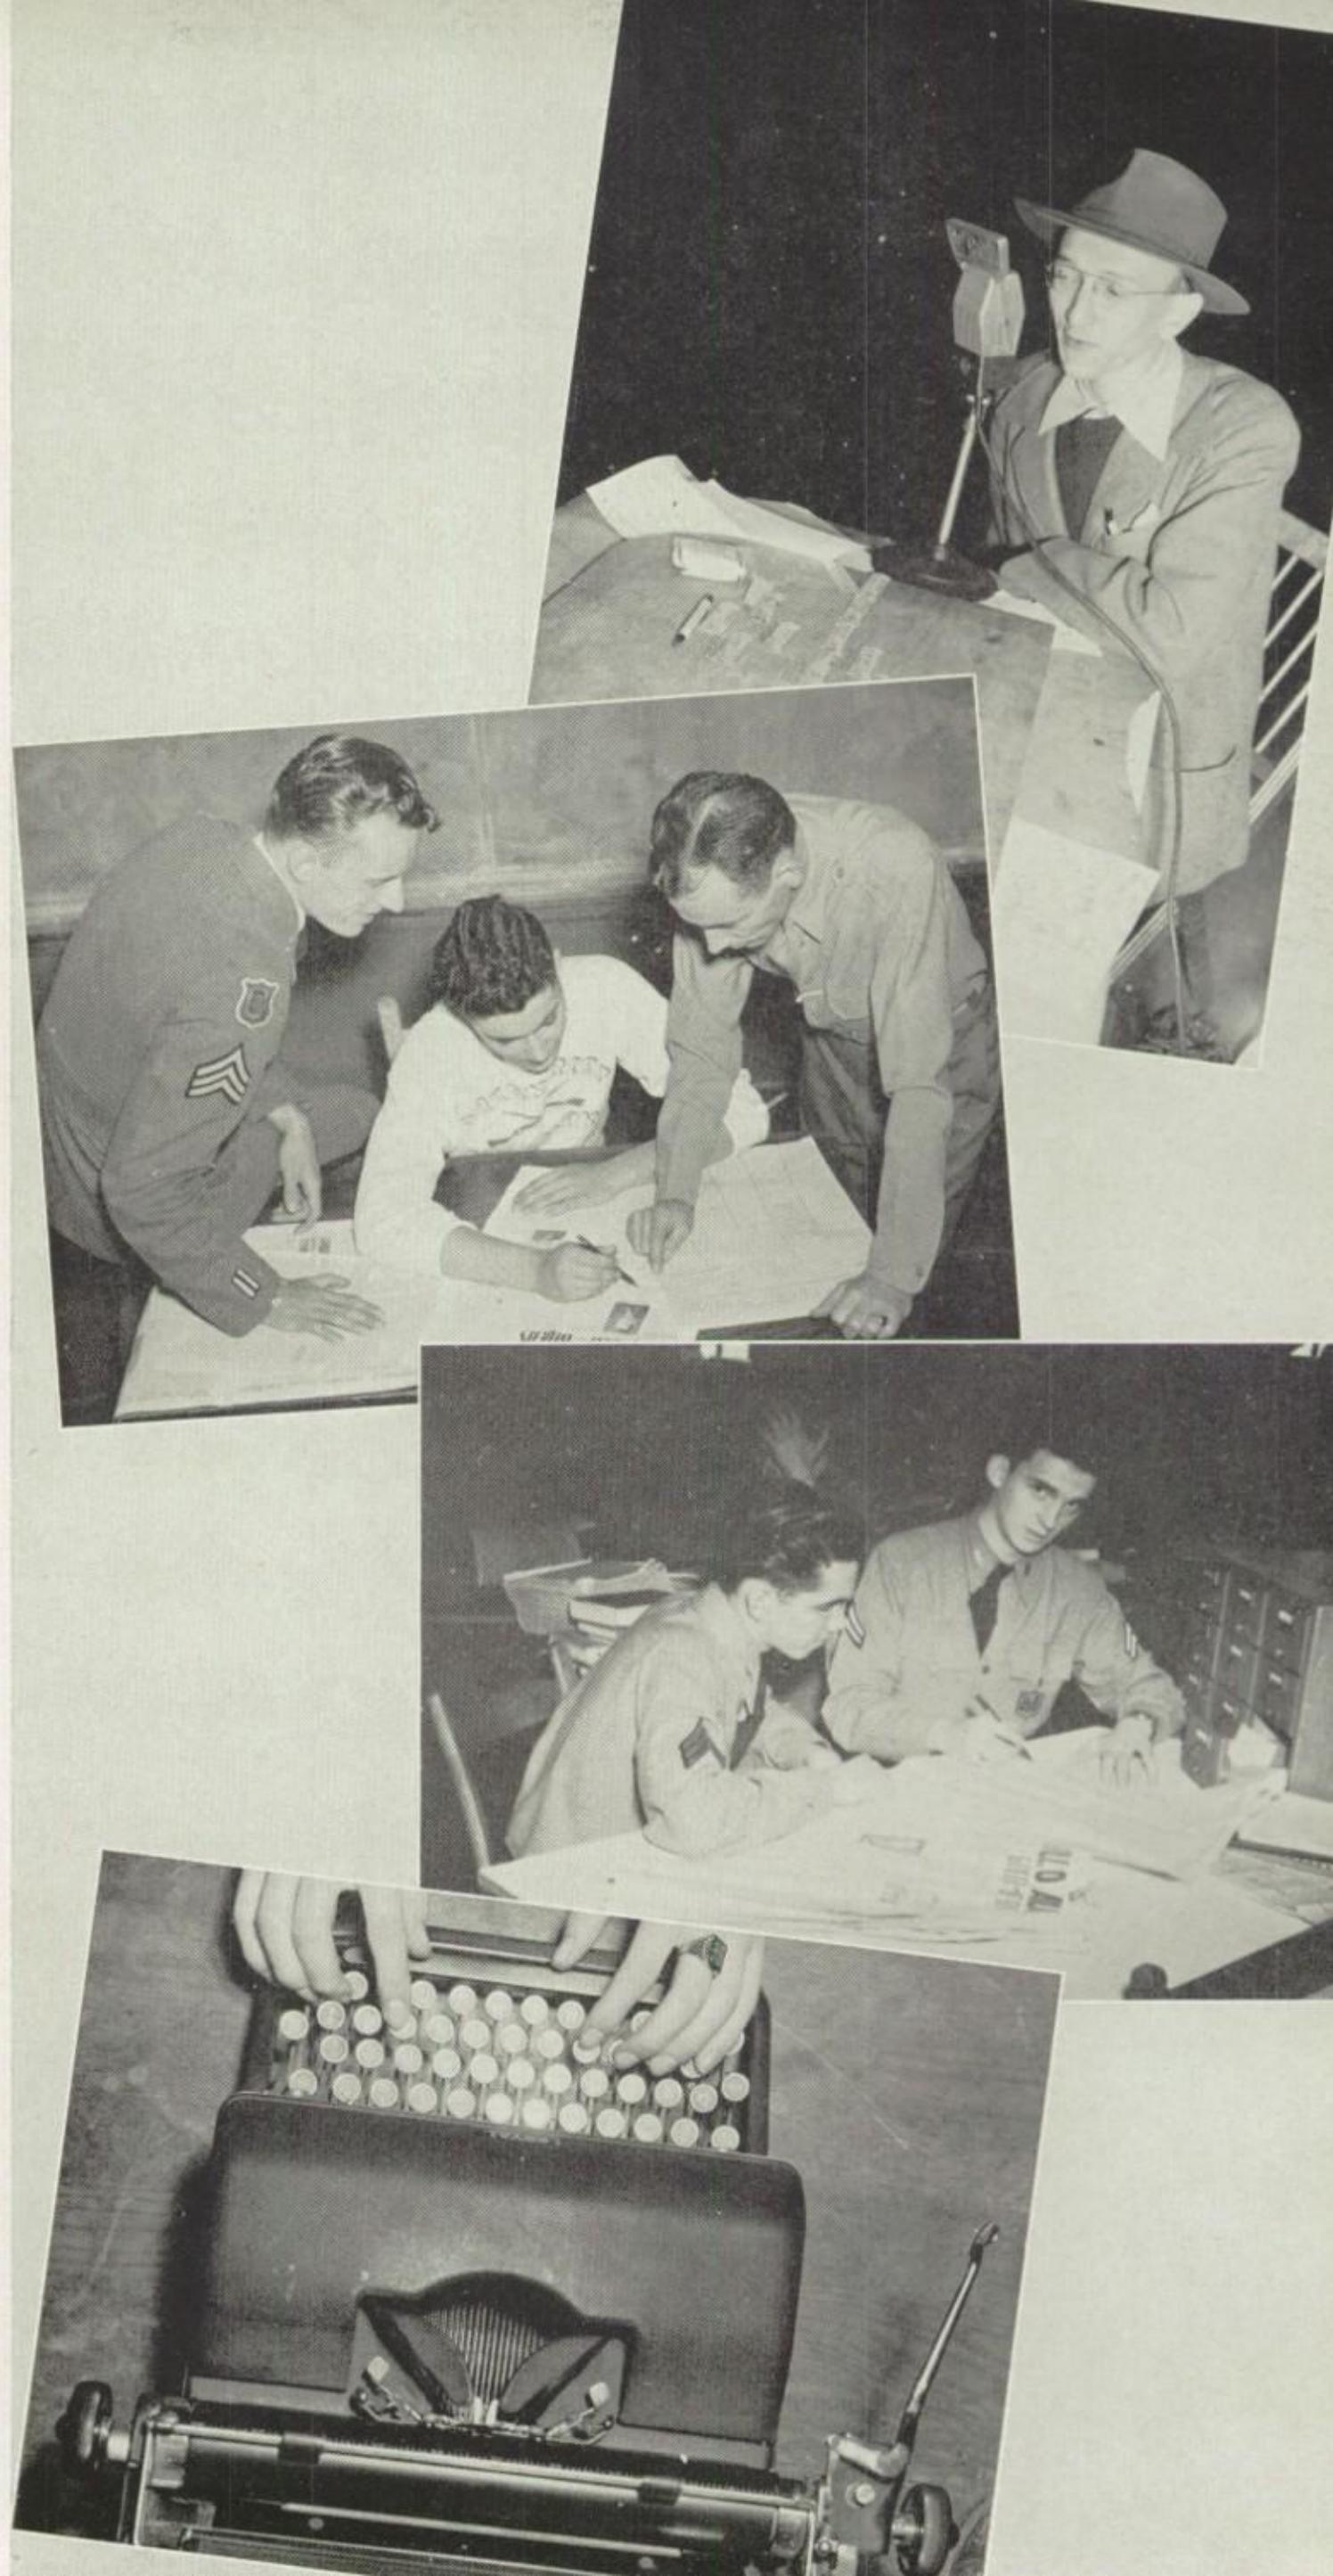

The 1948 *Green-Briers* received First Honors in the annual State Journalism Contest conducted by West Virginia University, First Class Award, NSPA, and Honor Award, SIPA.

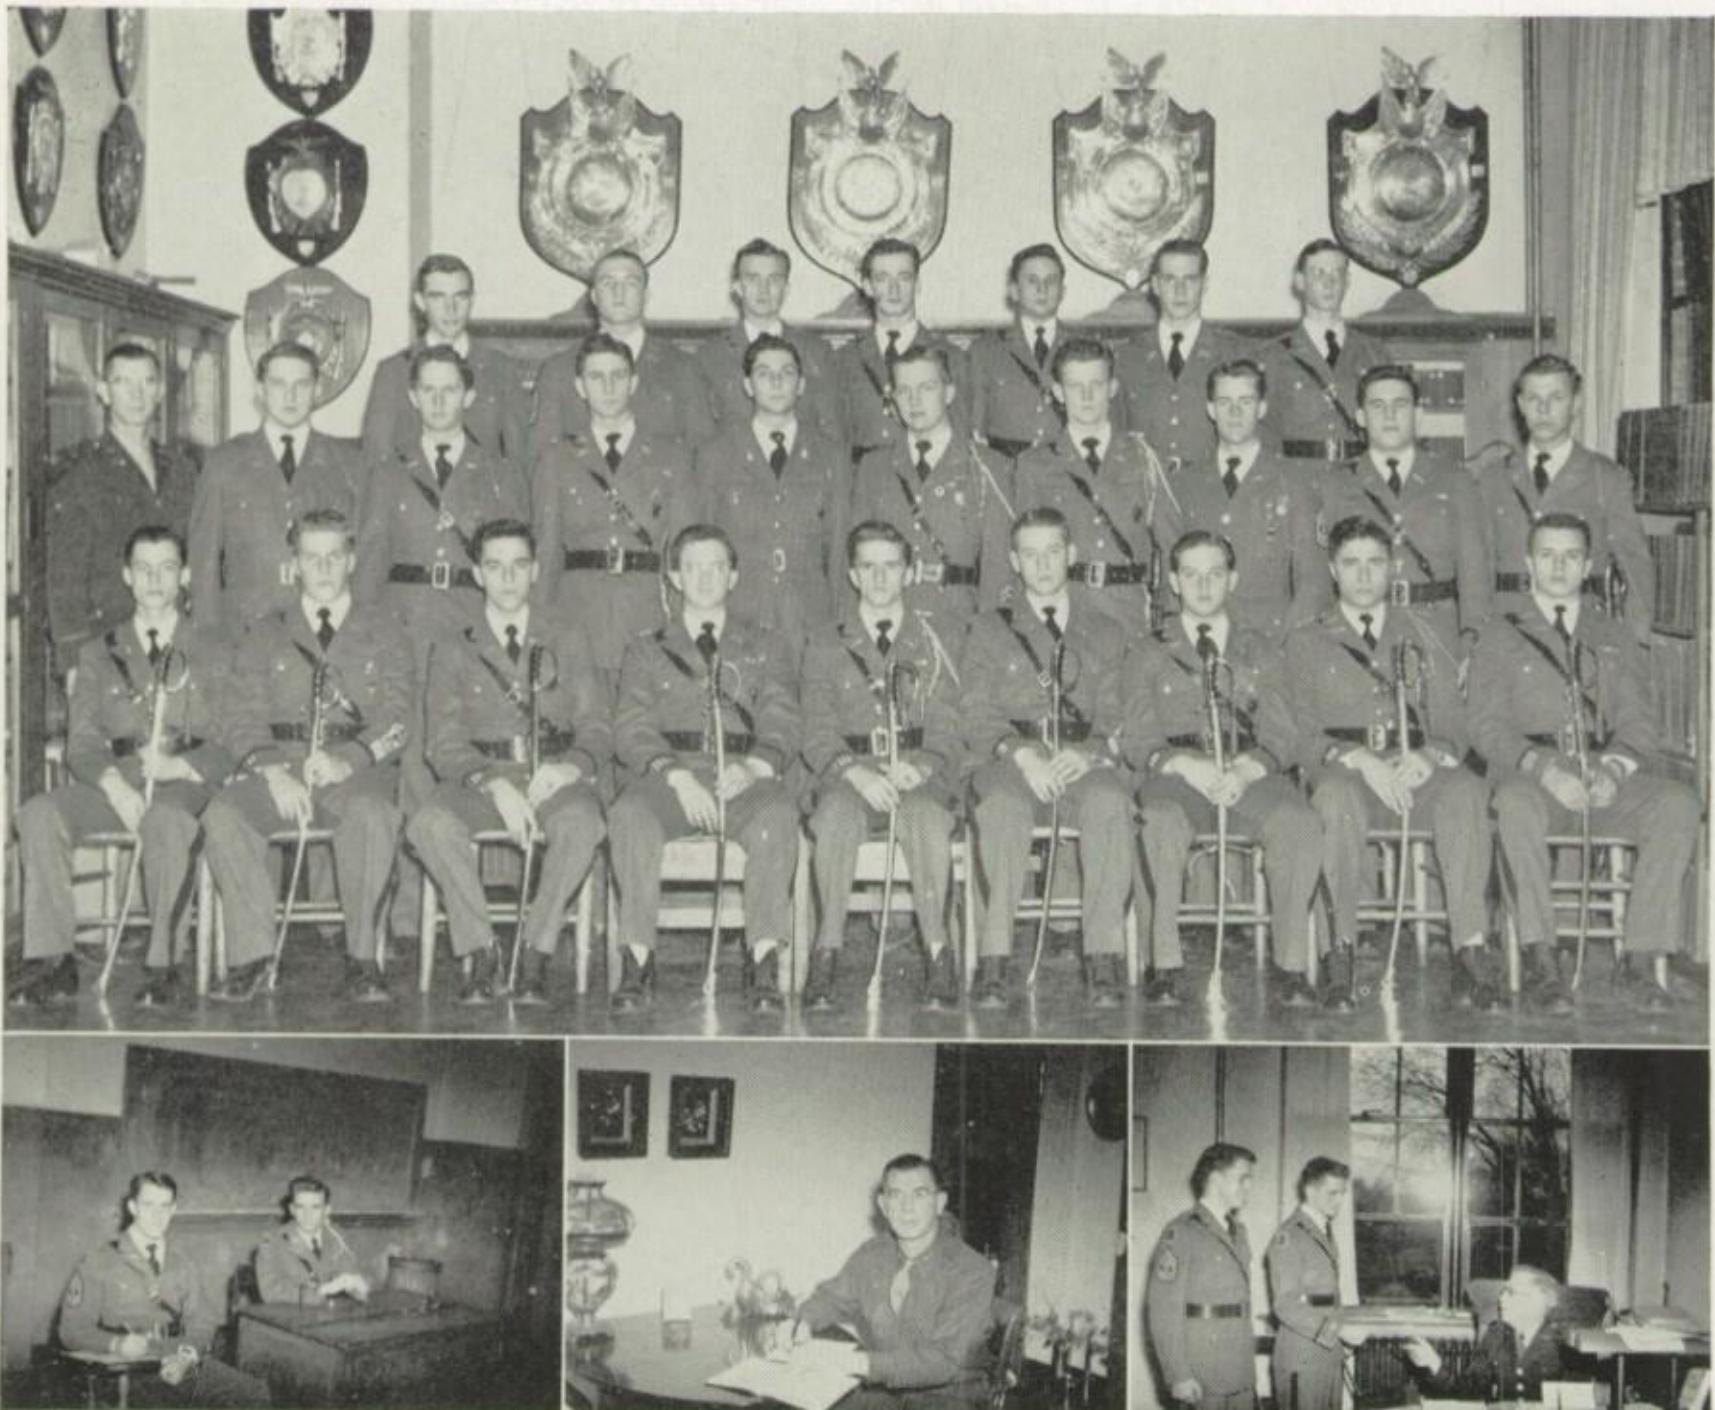

Arch Holstein broadcasts a play-by-play account of a Fighting Cadet game over Radio WRON, with staff members "spotting" for him. The first football broadcast ever sent out from GMS was sponsored by *The Green-Briers*.

The editor and assistant writer look over the first six-column *Green-Briers* ever printed, and, with the adviser, make plans for the next number

The business manager and a staff member work on advertising layout and sales plans.

After stories are covered, assigned, written, they DO have to be typed. Many of the news stories you read were "run through the mill" shown here.

HONOR COURT

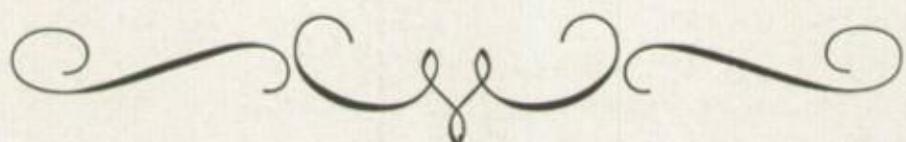

The Honor Court has charge of the student government at Greenbrier. In addition to the duty of conducting trials when necessary for breach of the Honor System, the members are duty bound to strive to uphold the morale and conduct of the corps in every possible way.

The cadet major always serves as President of the Honor Court.

OWLS CLUB

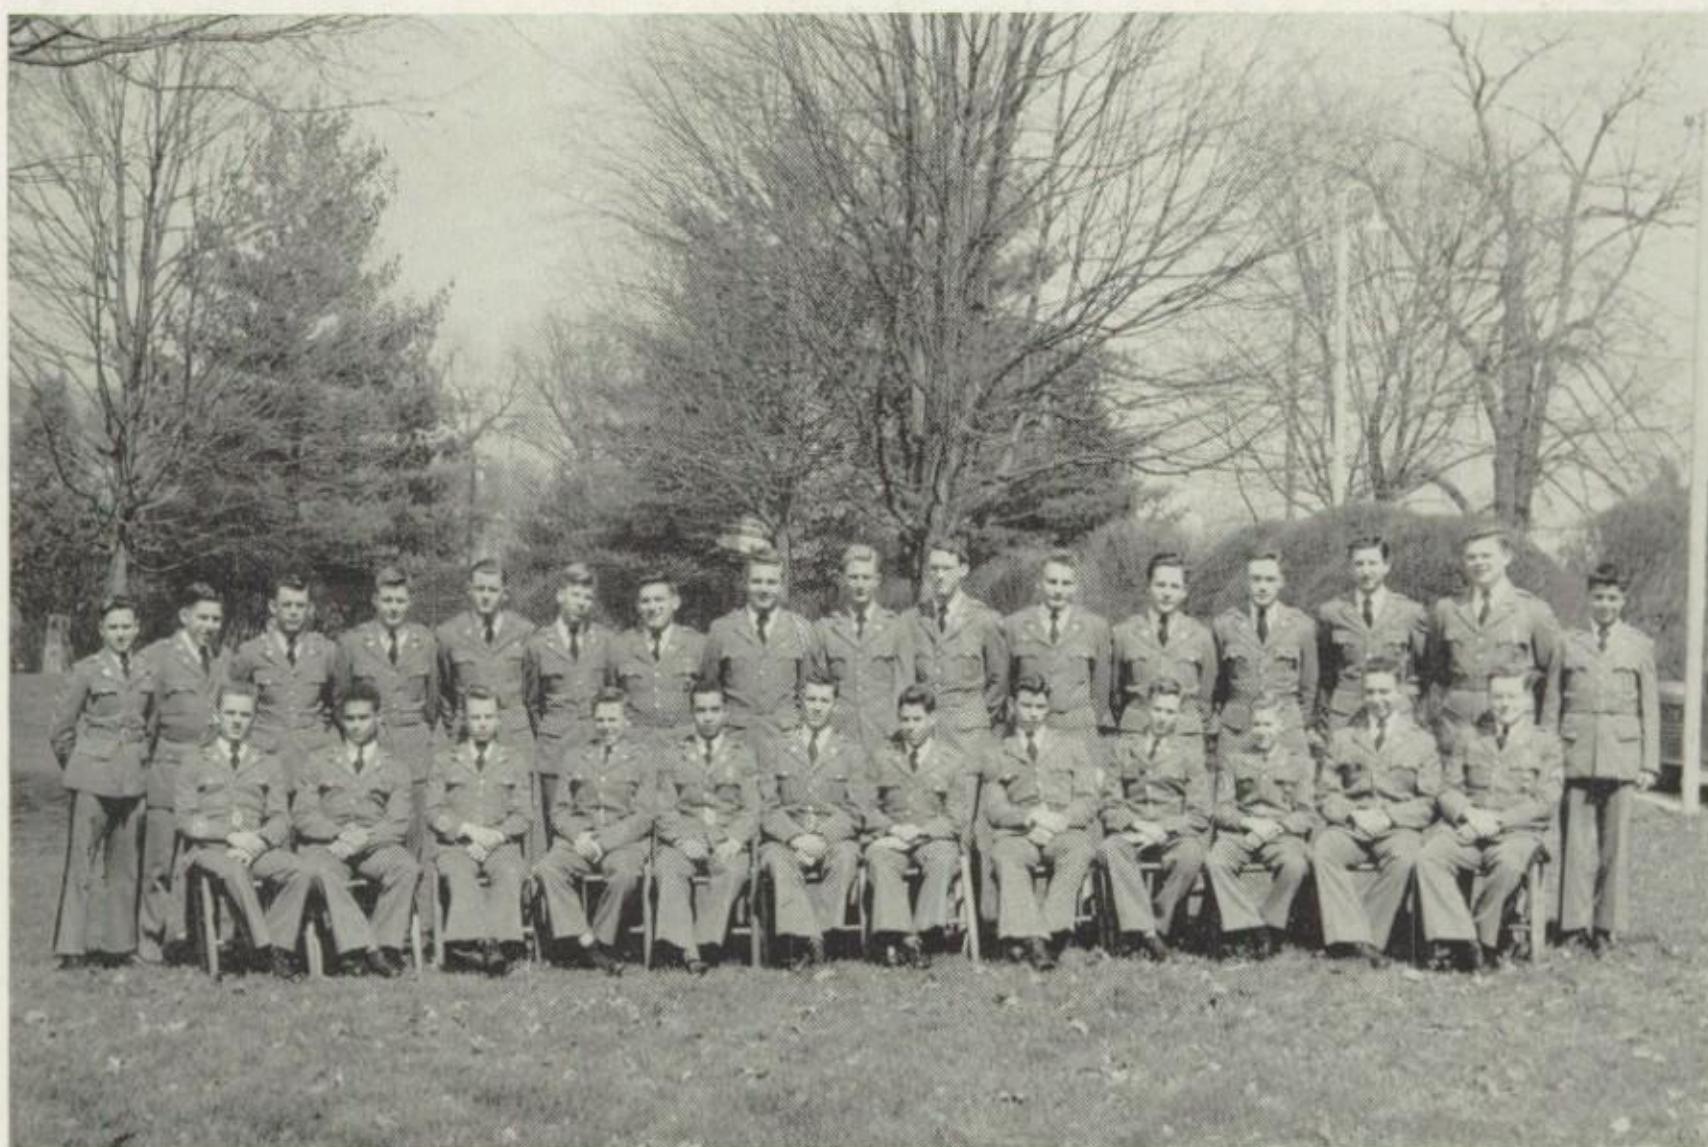

Superior scholastic distinction are the key words in being a member of the Owls Club. To become a member of this club, one must average at least 87%, must be one of the top four in his class, and must be acceptable to the military department. In other words, an Owl's average is usually above 90. Naturally, to these boys studying is one of the most important things, and you may find one studying half the night . . . if you stay up that long. Regardless, the larger majority of the Owls are not book-worms, but are doubly active in other activities.

An Owl must earn his membership from year to year.

LEEDY is right and ready

The Greenbrier Chapter of this international honor society for scholastic journalists had the following "old" members back this year: Benjamin, Harrington, Kishpaugh, Floyd. Sam Morton transferred from another chapter. Dr. Lloyd McFarland Courtney is an Honorary Member.

Fall Initiates—Cawley, Duncan, Leedy, G., Klosterman, Towne.

Spring Initiates—Carden, Horton, Jones, D., Moore, G., Ottimer, Wills.

Members must be of Junior standing, do good scholastic work, do outstanding work for at least one school publication, and have their work approved by Edward Nell, Executive Secretary of the society. The pin, or key, may be worn by all members. Editors and business managers may wear a bar of designation attached to the pin.

The local chapter sponsored the showing of several moving pictures here during the year. These included the World Series film. In addition, they were all active on school publications.

The Greenbrier Chapter also suggested the adoption of a blue and gold ribbon for wear with the uniform, on which civilian jewelry may not be displayed. This ribbon has been approved by Mr. Nell for nationwide use by Quill and Scroll chapters in military schools.

Advisers: Maj. J. W. Benjamin and Lt.-Col. W. A. Rawl.

Officers: J. W. Benjamin, Jr., President Jack Kishpaugh, Vice-President; Charles Floyd, Secretary-Treasurer.

GREENBRIER LITERARY SOCIETY

SITTING: Baker, J., Bailey, W., Kimberlin, Towne, Davis, R.
STANDING: Carden, Benjamin (not in photo: Floyd, C.)

Organized in 1946 by two students, the Greenbrier debating team has grown at a steady rate from the "hobby" stage to an active organization. Originally named the "Greenbrier Literary Society of Debaters," it dropped "of Debaters" and is familiarly known as "The Debating Team."

This year the organization ratified and amended its constitution.

The president appoints two members to the Constitution Committee. It is their duty to receive and make suggestions upon the body of the constitution. Named this year were Richard Davis and J. W. Benjamin, Jr. Richard Davis was first chairman. Later, he was succeeded by J. W. Benjamin and Charles Floyd was added to the committee.

In addition to a great deal of work and study within the body, Hinton High was met in a series of debates. Hinton took two close decisions from the cadets. Debates originally set for late in the scholastic year had to be postponed, but there was plenty to keep the members busy.

Team members showed a fine spirit in their work and are to be commended. Capt. Francis H. McElwee, adviser, has done an excellent job sponsoring and directing the activities of the team.

The Boot and Spur Club, limited to commissioned officers, directs social activities. This year Boot and Spur held a number of interesting dances, including the colorful Christmas Hop. The latest information is that RAY ANTHONY has been engaged to play for that famous Final Ball.

Remembering how the club transformed the gymnasium into something out of a story book for other final balls, we look forward with anticipation to a good time the evening of May 28.

THE CADET HI-Y SOCIETY

by FRANK LEEDY

Clean morals, clean speech, clean sportsmanship,—this is what the Hi-Y stands for and upholds. The Greenbrier Hi-Y Society is indeed a most exclusive and representative organization. This year we are proud to announce they have more than topped every single goal they set. This year, it has thirty members, including an equal number of first year and "old" cadets. The Hi-Y sent delegates to the Southern Preparatory School Hi-Y Conference. They participated with utmost success at this conference. The Hi-Y has our praise for the work they have carried on during this school year.

Frank Leedy was elected Vice-President of the Southern Prep Conference at Natural Bridge.

THE ANNEX

The Annex Club has swiftly become an institution at Greenbrier. On the bulletin board in the lower hall of their private domain you frequently find letters from former residents of the Annex, notes of thanks from visitors, and all kinds of interesting notices.

These cadets claim they have so much talent in the Annex that if the outfit played the remainder of the battalion in anything it would be even-up. They point with pride to students, athletes, writers, singers, musicians, boxers, club leaders, radio stars, and even some immaculate housekeepers.

Capt. Norberg is the resident faculty officer, living in a private castle within the walls.

CAMERA CLUB

The Camera Club after being established in 46-47 has taken several strides in maintaining an interested shutter-bug group. To name one of the accomplishments of the club, there has been the acquiring of an efficient, equipped darkroom. Also contests, along with shows and other forms of entertainment, have been included in the year's schedule. Membership has increased since last year, along with equipment and supplies. All in all, the Camera Club is providing an essential extra curricular activity for all foto-fieid cadets. Capt. John Hunt is the adviser.

The **LATIN-AMERICAN CLUB**

The Latin-American boys at Greenbrier have increased a lot this year from last year. This year the number reach to eighteen; twelve come from Dominican Republic, three from Cuba, two from San Salvador, and one from Spain. It was great when those boys saw for the first time in their lives, the snow falling!

As they come from tropical countries, they like something hot like the Rumba . . . to dance, but are very romantic and great lovers.

Lewisburg Leisure Lovers

No one remembers what genius first thought of the name for this club of town boys, but it caught on and stuck. And why not? When we are in night study hall, they study at home—but they don't have to worry about NSH, trifling in same, or even taps! Long live the Lewisburg Leisure Lovers!

WAITERS CLUB

The Waiters Club this year has been most efficient. At times when the coffee was cold and there were no more biscuits, I know certain people who might have wished to dispute the fact, but in reality I think everyone must agree The Boys From Down Under (the Dorm) did a good job getting the food to you.

Our staff will be remembered for many different things. Branyan and Waid always enjoy a good time together. Clark, Sawyers, and Marnhout liked to throw things when the Mess Sgt. wasn't looking (they thought). Faison, Worsing, and Marshall could always be found dashing in and out, doing a splendid job. Of course "Creeper" Critchfield and Robinson could always find something to do in addition to waiting (?). Coffman, Leach, and Pugh were always in there pitching; particularly Leach, who pitched baseball too. Has anyone seen Davis, S.? He must be here some place! Last on the list was Hatfield, J., who was my very able Asst. Mess Sgt., and in whose hands may rest the fate of the waiters next year.

Now this Putman, your old "Messy" Sgt., turning it over to Hatfield and wishing each and every one of you the best of luck in your later life.

Features . . .

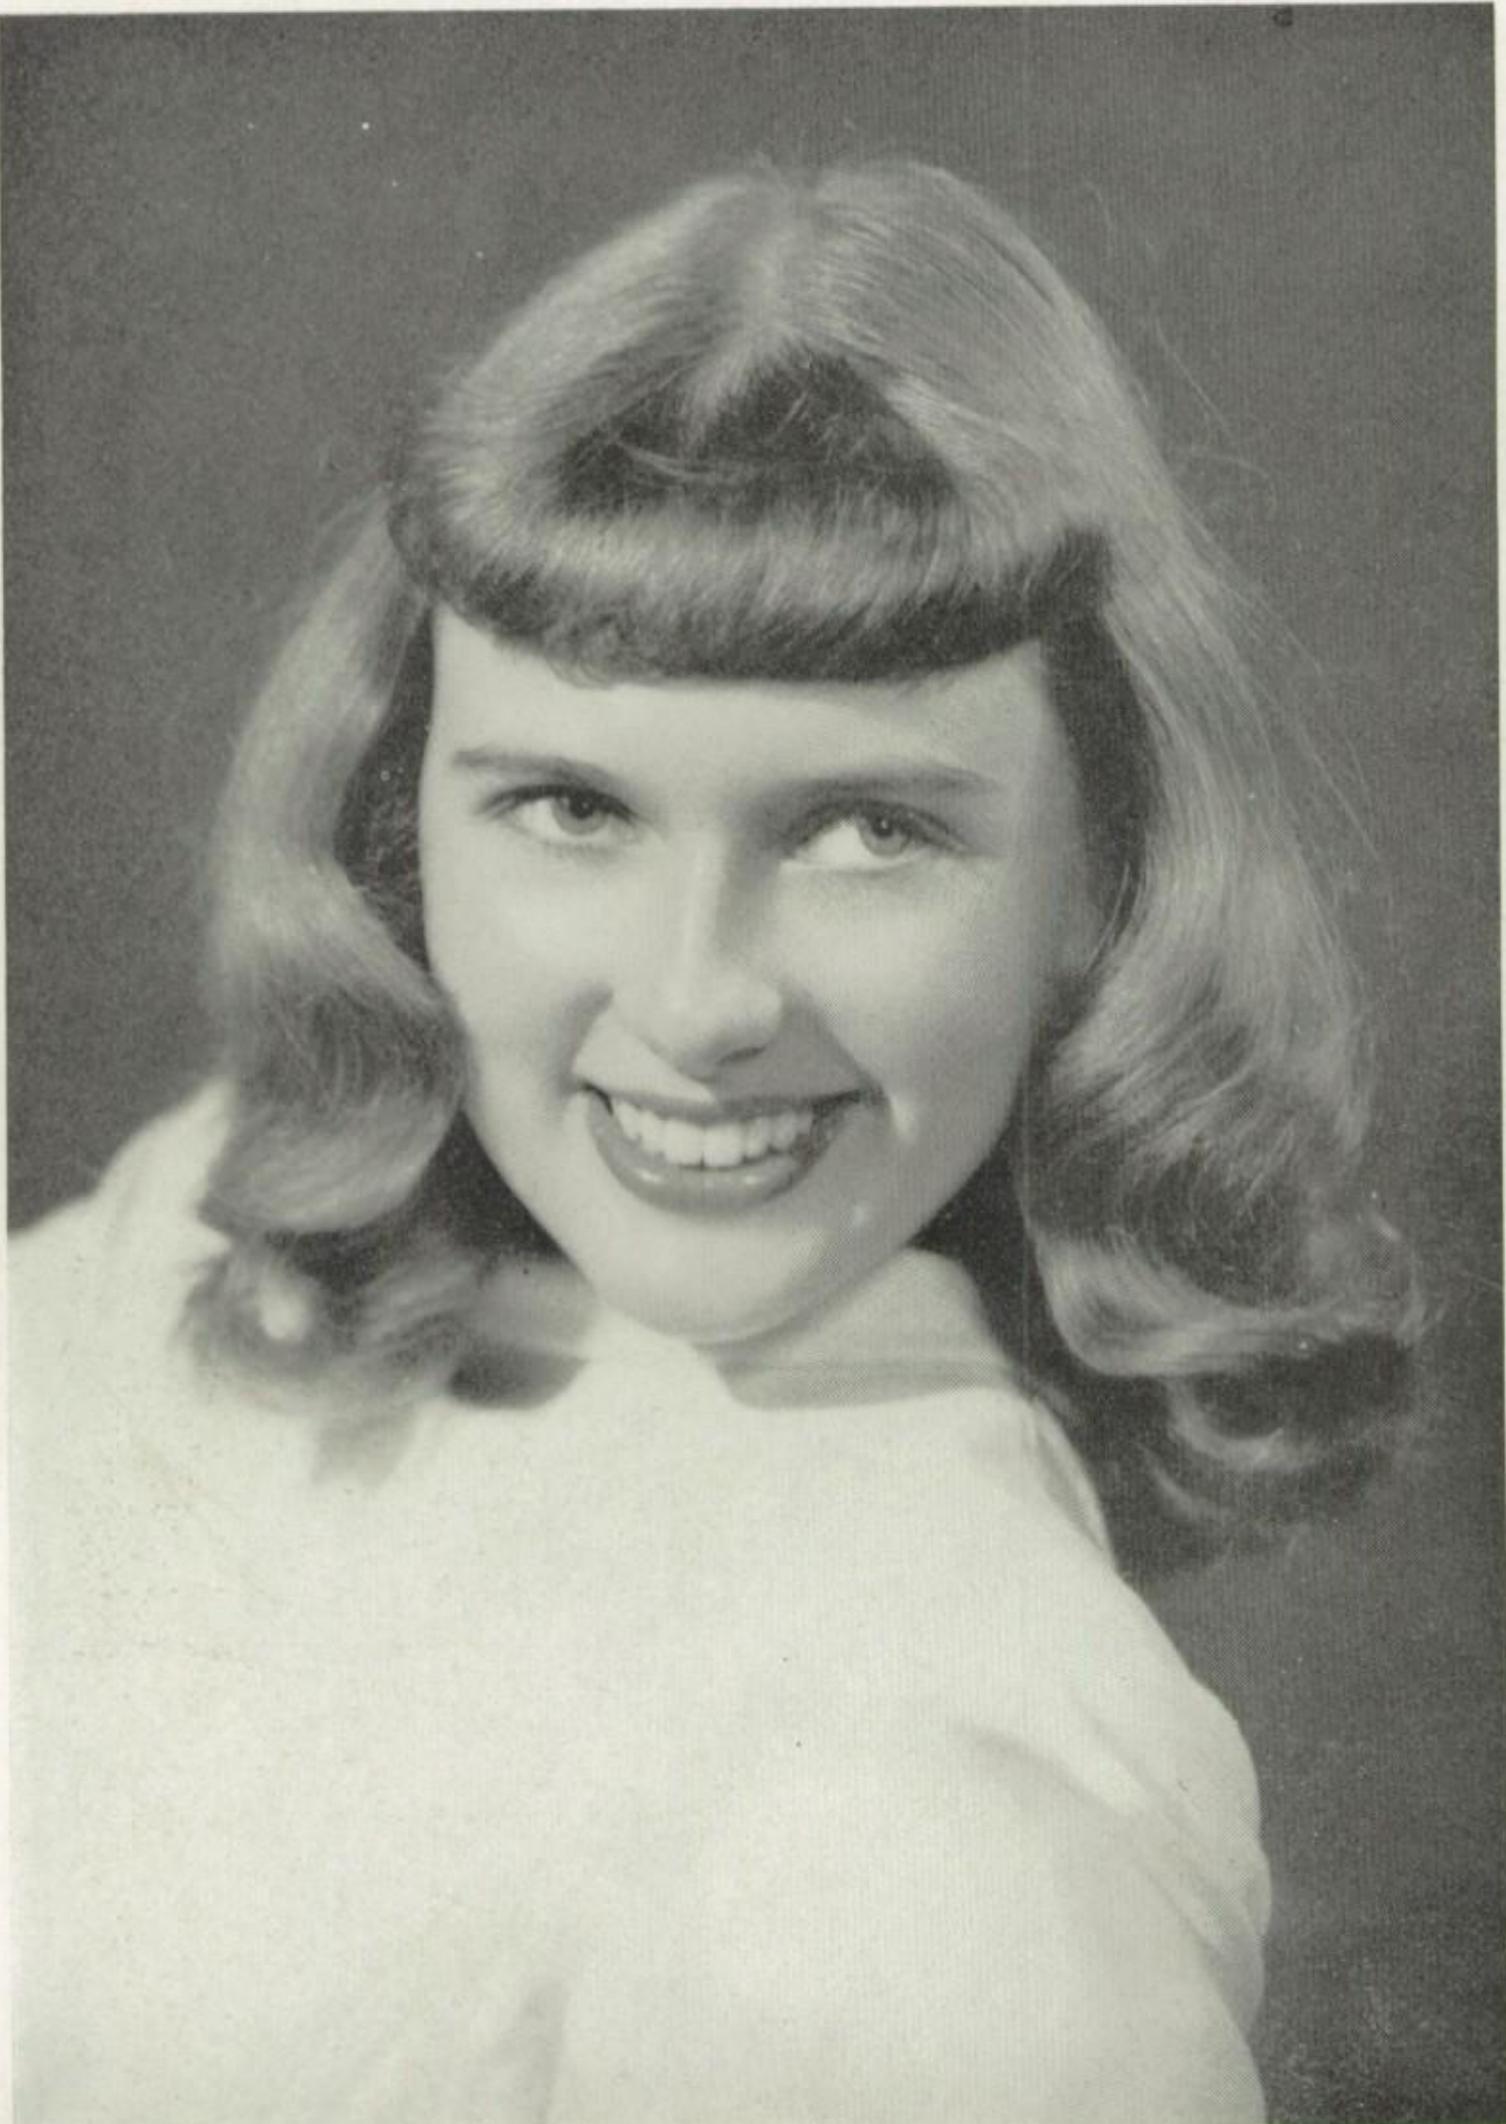

DEAR JOE:
Features! Yes, we have them
at the Brier—

Of course, some Joes think the
Number One Feature is Girls,
plural. What with our sister in-
stitution, Greenbrier College
across town, giving colorful
dances and parties, and our own
Boot and Spur dances, and those
regular dates, we quite agree.

But there are other features,
too—lots of fun is featured here,
along with the work. Trips,
guests, radio shows—

We will not soon forget our
good times at G. M. S.

THIS IS THE WAY...

1. SATURDAY'S HEROES

2. CHOW LINE

3. FIRST DATE

On September 1st a group of sun-tanned huskies reported to Coach "Tite" Turley at Camp Shaw-Middle-Eca. We had our first glimpse of the team when they upset Elon College in the season's opener. The boys who spent their afternoons on the practice field blossomed into heroes in Green and White every Saturday at 2:30 P. M. We're mighty proud of the Big Green.

Needless to say, "Chow formation" is a favorite of the cadets. Be it breakfast, lunch, or dinner, you will find the corps always has an extra-sharp appetite.

After "The Breaker" at G. C. W. we sort of narrowed down the field of femmes whom we wanted to date. We'll never forget that first introduction to someone we had our eyes on. Yes—ye olde blood pressure really soared—and, incidentally, those dates were just as wonderful as we thought they would be.

Jerry Staley is a natural "Joe Cadet." We have never seen a happier guy or one who was better liked than the "Huntington Express." His witty sayings and friendly attitude were typical of the outstanding members of the corps.

When the winter winds whistle and howl around the quadrangle and snow beats against the windows, we naturally dream of home and an open fireplace. However, winter life at the Brier was fun.

Basketball is one of our main sports. This year's team showed plenty of fight and class. We will never forget the S. M. A. and W. V. U. games. Our boys were truly Fighting Cadets.

9. IT'S A HIT!

Jack Gemeinhardt is the able commander of our marching band. He is an excellent leader and a swell fellow. Our band has put on some outstanding performances this year. And of course they had to "Stand Inspection!"

The old saying, "In the spring a young man's fancy lightly turns—" holds true at the Brier. With G. C. W. across town, spring surely hits here with a bang!

The varsity nine racked up another outstanding season. Good pitching and hitting combined to put our baseball team right up at the top of the list.

By the time spring rolls around it is ten to one you will have found an "extra special" someone with whom you like to spend every second of your town leave. Yes—she's pretty nice, and we will miss her when school days are over.

April 13th—Government Inspection rolled around. Gee—did we ever sweat! It was worth all the effort and we're proud of the showing the battalion made.

Final Ball—the highlight of the social season. We will never forget dancing to dreamy music with that girl from "back home" in our arms. It was a perfect finale to a perfect year. So long for awhile!

...IT WAS WITH US!

OFF BOUNDS *with the FEMMES* by BOB CAWLEY

It would be hard to picture G. M. S. without G. C. W. across town. Through the years there has been many a romance between "Keydets" and the college girls. While the majority fade when school days end, and take their places in the big book of memories, others have terminated at the altar of Old Stone Church, St. Catherine's, or the little chapel back home.

This year has been lots of fun for students of both schools. Following the "Ice Breaker" at G. C. W., when we had our first glimpse of the femmes, certain couples were glimpsed regularly at the movies, drug store, or strolling around the college campus.

We had some rough times with the famous "Dear John" letters which were sometimes posted on our bulletin board so all could share the burdens we had to bear. Naturally we wrote some pretty good "Dear Ruth" letters, and the lines, "It's been nice, dear," and "Some win, some lose," became standard sayings.

As spring rolled around things settled down. Several couples were "going steady" and the cadets and girls had become friends.

It's pretty hard to say goodbye, not only to that "certain someone" but the gals who were just "good pals" too!

We'll always remember those dances when the girls looked so chic in the latest style evening gowns; how faithfully they attended evening services so we could exchange a few smiles, and of course those "unguarded" moments when they were decorating the gym and wearing blue jeans and father's shirt.

Thanks, girls, for a swell year! You were tops! Don't think it hasn't been nice—'cause it has.

THE GIRL BACK HOME

Femmes constitute an integral part of cadet life. As a topic of conversation, they rate number one; and the time spent talking about them is only a fraction of the time spent thinking of them.

I don't think we could have completed the year without the inspiration and morale-building of those letters from that girl back home.

True, we spent anxious moments, and we felt pretty low looking into the mail box day after day hoping for that long delayed letter. You had us worried, but when that letter did arrive all the waiting was forgotten as we read the news from home.

Now the year is over and the migration of the "True Loves" from home to here for Commencement and the Final Ball will help us wind up the year in a blaze of glory.

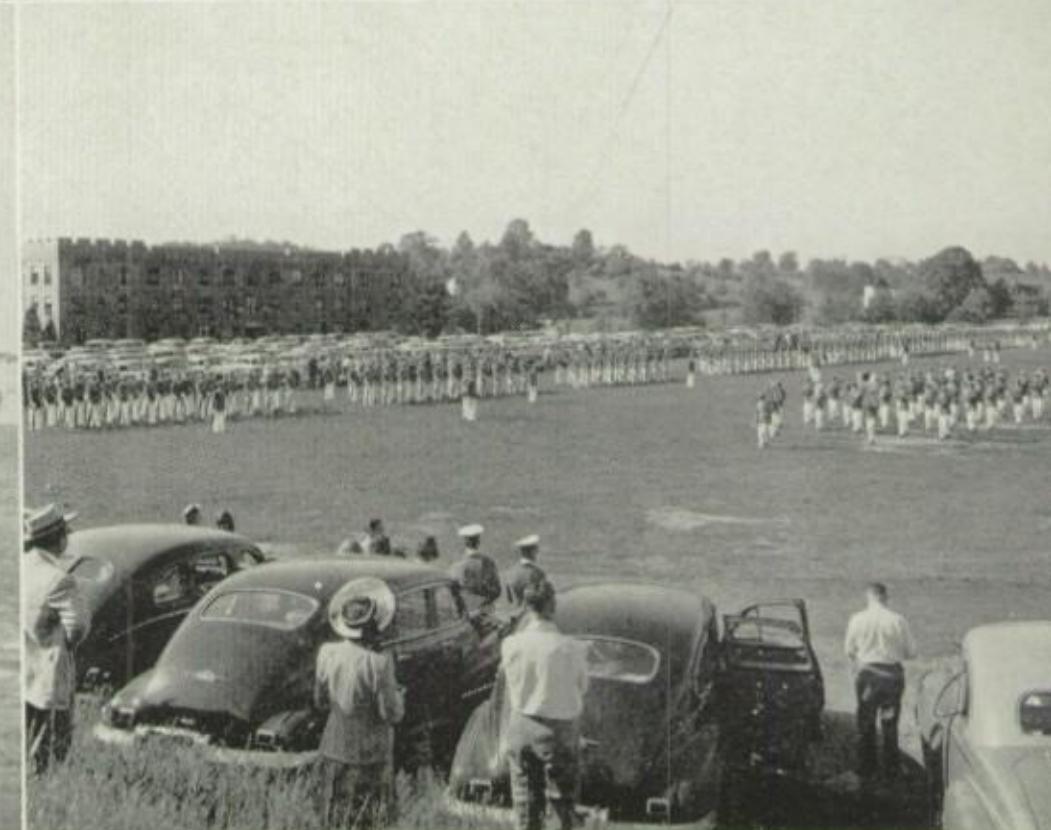

Thanks again for the letters and for waiting for summer to roll around. I'll mark off another day on the old calendar and I'll be cleaning my rifle, policing the area, and thinking of you.

*Any girl can be gay in a classy coupe,
In a taxi they all can be jolly,
But the girl worth while
Is the girl who can smile
When you're taking her home on the trolley.*

Farewell to '48 . . .

by BOB CAWLEY

Every day the sun sets in the west just as surely as it rises in the east. Every day the water of the sea is evaporated, swept inland to the mountains, and rolls back in streams to the place of its origin. And in just this way the 1948 edition of "Fighting Cadets" fly away from the classrooms, the battle of the gridiron, the military life of G. M. S., carrying their quota of fame and glory.

They have gone and are going, carrying with them a little bit of Greenbrier—a little bit of its glamour, a little bit of its tradition, a little of its spirit.

During the school years of 1947-'48, many cadets have made their mark at Greenbrier just as they will make their mark in the great game of life. Some excelled in academic work, some in military, some in publications, some in organizations, while others take their position on the scrolls of athletic history.

Whether in the classroom, parade grounds, or on the field of friendly strife, the 1948 cadet corps proved that the great American tradition of sportsmanship and fair play exist all over this country of ours and is not restricted to any one school. Whether at Culver, playing a hard game of football, at Fork Union firing a rifle match, debating against Hinton, or meeting West Virginia University Freshmen on the hardcourt, the cadets proved that the important thing is not the winning of the contest, but the way the game is played.

Individuals could be singled out for praise of their work in various fields. However, the credit is due to the leaders, the stars, the battalion and the faculty and coaches, without slighting one in favor of another.

But as it rises, so sets the sun. It travels to the western horizon and there disappears.
To the cadet corps of 1948, Good Luck!
May Greenbrier be as proud of you in the future as she is of you today.

. . . Hello to '49

But the next morning, as sure as the world itself, the sun rises again in the east.

Much is lost, but not all. Those who may be looking for a slump in the standards of Greenbrier will be sadly disappointed.

Where are the new leaders coming from? Where will G. M. S. find athletes and officers to replace those who have gone? They will find them in the ranks. The non-coms and the privates who learned the fundamentals in '48 will be the leaders in '49. From the Colonels and Captains will come the sport's heroes of tomorrow. But in positions of importance, each cadet has the potentiality of becoming first rate, either as a scholar, an athlete, or otherwise. Don't forget the faculty and the coaches. They are the most valuable holdovers from past years. They know how to win when it is easy and how to win against terrific competition.

There are many cadets who have never striven for recognition as leaders or athletes, but will put in their appearance as candidates for key positions, if for no other reason, because they are members of the corps, and the corps needs them. Some of them may turn out to be mainstays of the battalion.

... Hello to '49—continued

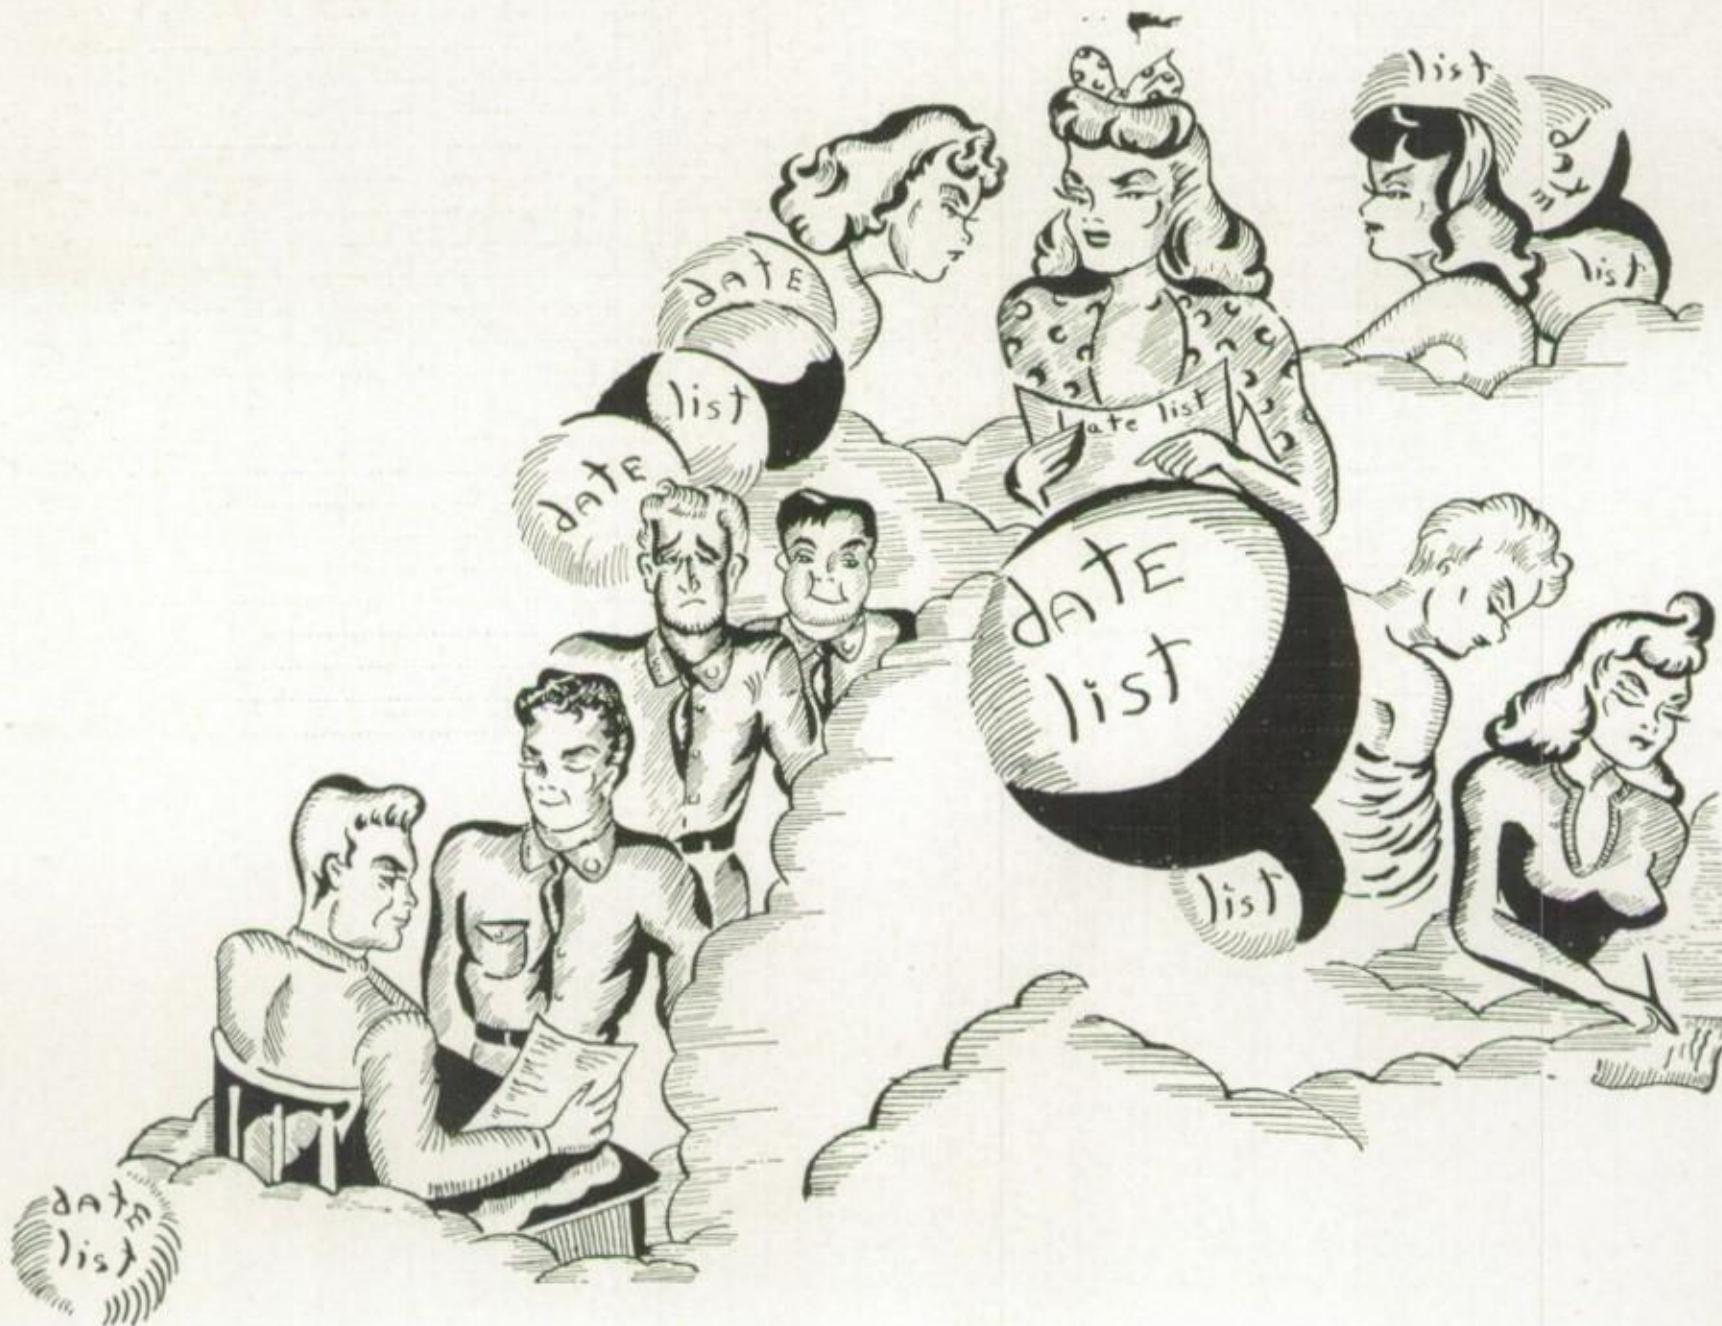

The Cadet Corps of the past have taken much of Greenbrier with them, but they have left behind them something much more valuable. They have left the will to win, that understanding of precision in teamwork, and they have left you *Greenbrier*.

The Cadet Corps will be outstanding when it has no outstanding leaders, only pluggers; the teams will push the last touchdown over when the team is too tired to move, because Greenbrier has learned how to win.

The battalion may be discouraged by the weakening process of graduation, or it may lack confidence because of its inexperience. But it will be one of the outstanding schools in the nation again next year, because you are *Greenbrier!* Remember how Ehmka sacrificed his life for his country on D-Day? Remember how Peters went down over Poland, guns blazing to the last? There were many more. They were Greenbrier men! So are you!

Greatness has almost reached its zenith-maturity to where heights depends on YOU!

If you believe and practice teamwork, if you drill and study to the best of your abilities, if you are behind your teams and your school, an outstanding battalion, upholding the traditions of the past and scaling new heights of achievement will be yours.

THERE IS NO SUBSTITUTE for EXPERIENCE

It cannot be dispensed with . . . or substituted for . . .

It should be of first consideration in every important under-

taking. . . . We mean experience . . . the specialized

experience such as we offer in the field of School Annual

photography. . . . That is why year after year, we have

been honored by being chosen Official Yearbook Photog-

raper by many leading Schools and Colleges. . . . Getting

out a Yearbook is a once-in-a-lifetime undertaking. . . . It

is therefore good to know that there is available to you

all the experience that is necessary to meet this unusual

emergency. . . . You'll find our organization skilled and

resourceful . . . our facilities and resources ample to meet

every problem connected with Yearbook Photography.
